The Spiritwalker Rowena Wren,2024-12-20 Thana the Spiritwalker of the Shadow district and her bonded spirit wolf have eked out their place amongst the refuse of the broken city but working for Ciar the sexy vampire slumlord isn't always easy. When the handsome werewolf she's been dreaming of for weeks Kage is found broken and beaten things start to fall apart around her. Unsure of her feelings for the two men in her life Thana escapes into the city to try to sort out her emotions and visit an old friend. But when her friend is murdered right in front of her eyes by the government's hunters Thana discovers a plot to eradicate all unnaturals. Forced to flee Thana returns to the slums and discovers it may already be too late to save her people. With her heart being pulled between love, loyalty and a need to survive Thana suspects there is a traitor in their midst and doesn't know who she can trust. Contains mature themes.

Anglo-Dutch Relations from the Earliest Times to the Death of William the Third Johan Frederik Bense,2013-11-27 The Anglo-Dutch Relations from the Earliest Times to the Death of William the Third Johan Frederik Bense,2013-12-11 *Death Merchant* Joseph Rosenberger,1981-01-01 **The Merchants of Death** Josh Luberisse, This groundbreaking work provides an unprecedented in depth examination of the global arms trade as a sophisticated business enterprise uncovering the logistical, financial and strategic mechanisms that underpin one of the world's most resilient industries. Moving beyond traditional narratives that cast arms dealing in purely moral or political terms *The Merchants of Death* repositions the arms trade industry as a complex economic ecosystem defined by adaptability, alliances and logistical prowess. Through meticulously researched case studies and incisive analysis this work reveals how arms dealers navigate an intricate web of regulations, circumvent embargoes and leverage state and non-state alliances to expand their influence across volatile regions. Positioned to become a seminal work on the subject *The Merchants of Death* bridges international relations, business strategy and security studies as it presents the arms trade not merely as a shadow economy but as an industry with a sophisticated structure and resilience that rivals global corporations. Scholars, policymakers, security analysts and business professionals alike will find the book's insights invaluable, challenging traditional frameworks and introducing a powerful new perspective on how illicit markets thrive within legal boundaries. *The Merchants of Death*'s revelations hold the potential to reshape policymaking and regulatory approaches by equipping policymakers with a nuanced understanding of why traditional controls often fail. For academics it opens fresh avenues for research encouraging cross industry comparisons and new inquiries into how high risk, high stakes markets operate within the global economy. Professionals in logistics, finance and international business will find its lessons on adaptability and network resilience equally compelling with applications that extend beyond the arms trade. By reframing the arms trade as a complex business ecosystem *The Merchants of Death* offers lasting value across multiple fields of study and sectors.
