The Death Of America:

The Death Penalty in America Hugo Adam Bedau, 1998-05-28 A J Richards *The Death of America?* Joel Berman, 2009 The Death of America is a study of the deterioration of ethics character and education in the United States Covering a broad range of topics it is a critical eye opening thought provoking examination of intellectual apathy misplaced direction and the dissipation of those basic principles which originally heralded the growth of a great nation work ethic honesty service accomplishment but most of all character *The Biblical Truth about America's Death Penalty* Dale S. Recinella, 2015-12-01 While secular support for capital punishment in America seems to be waning religious conservatives particularly in the Bible belt remain staunch advocates of the death penalty citing biblical law and practice to defend government sanctioned killing Dale S Recinella compares biblical teaching about the death penalty including such passages as eye for eye tooth for tooth life for life with the nation s current system of capital punishment and offers persuasive arguments for a faith based moratorium on and eventual abolition of executions Framing his careful and incisive analysis as a legal brief to those who believe the Bible mandates the ultimate punishment the author addresses two critical areas of inquiry what do the scriptures tell us about who is deserving of death and who has the authority to kill and what do they tell us about the required standards for execution and the plight of victims families Recinella s examination of the Hebrew Torah or Christian Pentateuch and the Talmud reveals that the biblical death penalty was not a simple system of swift retribution but a complex and practical set of laws that guided capital courts established under the Sanhedrin His scrutiny of these texts the Christian doctrine of atonement and Romans 13 in the Pauline Epistles draws parallels between the traditional biblical arguments used in favor of capital punishment and those used as the basis for pro slavery positions in the nineteenth century Demonstrating that both approaches are unsubstantiated in biblical terms Recinella debunks the accepted religious reasoning for support of the death penalty and shows instead that the Bible s strict conditions for sanctioning execution are at odds with the arbitrary ways in which capital punishment is administered in the United States He provides convincing evidence that a sentence of death in today s criminal justice system in fact fails to meet both the Bible s exacting procedural requirements and its strict limitations on judicial authority By providing actual scriptural language and foundation to counter the position that biblical truth justifies a pro death penalty stance this thoughtful solidly researched and well reasoned work will give pause to religious fundamentalists and challenge them to rethink their strongly held views on capital punishment

Debating the Death Penalty : Should America Have Capital Punishment? The Experts on Both Sides Make Their Best Case Hugo Adam Bedau Professor of Philosophy Tufts University (Emeritus), Paul G. Cassell Professor of Law University of Utah College of Law, 2004-02-05 When news breaks that a convicted murderer released from prison has killed again or that an innocent person has escaped the death chamber in light of new DNA evidence arguments about capital punishment inevitably heat up Few controversies continue to stir as much emotion as this one and public confusion is often the result This volume

brings together seven experts judges lawyers prosecutors and philosophers to debate the death penalty in a spirit of open inquiry and civil discussion Here as the contributors present their reasons for or against capital punishment the multiple facets of the issue are revealed in clear and thought provoking detail Is the death penalty a viable deterrent to future crimes Does the imposition of lesser penalties such as life imprisonment truly serve justice in cases of the worst offences Does the legal system discriminate against poor or minority defendants Is the possibility of executing innocent persons sufficient grounds for abolition In confronting such questions and making their arguments the contributors marshal an impressive array of evidence both statistical and from their own experiences working on death penalty cases The book also includes the text of Governor George Ryan s March 2002 speech in which he explained why he had commuted the sentences of all prisoners on Illinois s death row By representing the viewpoints of experts who face the vexing questions about capital punishment on a daily basis *Debating the Death Penalty* makes a vital contribution to a more nuanced understanding of the moral and legal problems underlying this controversy
