The Democratization Of Communication:

The Democratization of Communication Philip Lee, 1995 This text argues that communication is the foundation on which a society is based and the means by which it maintains political economic and social relationships with other societies Issues covered include who owns information and what the cultural implications of the information age will be **Remaking Media** Robert Hackett, William Carroll, 2006-07-29 Two renowned authors in the field take an innovative approach and present this unique and timely book which examines the democratization of the media and the activism directed towards challenging and changing media content practices and structures Democratizing Communication? Mashoed Bailie, Dwayne Roy Winseck, 1997 This volume considers the implications of recent economic and technological restructuring for public communication It explores how instrumental conceptions of communication divorced from concepts of citizenship power and democracy frustrate the potentials of the technologies **Women in Grassroots Communication** Pilar Riaño Alcalá, 1994-05-17 The dramatic contribution of grassroots organizations to effecting social change is brought into vivid detail in this unique perspective on women from around the globe Each contributor has been instrumental in grassroots processes of media production or has worked within the community communication field and discusses concrete action within a theoretical framework These diverse accounts of women participation and communication take place in a variety of geographical social and cultural settings and provide rich material for comparative analysis **The Handbook of Global Health Communication** Rafael Obregon, Silvio Waisbord, 2012-03-12 International in scope The Handbook of Global Health Communication offers a comprehensive and up to date analysis of the role of communication processes in global public health development and social change Brings together 32 contributions from well respected scholars and practitioners in the field addressing a wide range of communication approaches in current global health programs Offers an integrated view that links communication to the strengthening of health services the involvement of affected communities in shaping health policies and improving care and the empowerment of citizens in making decisions about health Adopts a broad understanding of communication that goes beyond conventional divisions between informational and participatory approaches *Media, Communication and the Struggle for Democratic Change* Katrin Voltmer, Christian Christensen, Irene Neverla, Nicole Stremlau, Barbara Thomass, Nebojša Vladislavljević, Herman Wasserman, 2019-08-28 This book investigates the role of media and communication in processes of democratization in different political and cultural contexts Struggles for democratic change are periods of intense contest over the transformation of citizenship and the reconfiguration of political power These democratization conflicts are played out within an increasingly complex media ecology where traditional modes of communication merge with new digital networks thus bringing about multiple platforms for journalists and political actors to promote and contest competing definitions of reality The volume draws on extensive case study research in South Africa Kenya Egypt and Serbia to highlight the ambivalent role of the media as force for democratic change citizen empowerment

and accountability as well as driver of polarization radicalization and manipulation

Communication for Social Change Anthology Alfonso Gumucio Dagron, Thomas Tuftte, 2006 Contains nearly 200 readings published between 1927 and 2005 in English or translated from other languages on the historical roots and pioneering thinking regarding communication for social change Covers a variety of topics including the radio tv and other mass communication information and communication technology the digital gap the formation of an information society national information policies participatory decision making communication of development pedagogy and entertainment education HIV AIDS communication for prevention etc

Democratic Communications in the Information Age Janet Wasko, Vincent Mosco, 1992-09 This analysis begins with a discussion of theoretical issues involved in democratic participatory alternative and community communications In light of these concepts the authors explore various alternative developments in new communications and information technologies as well as various social movements in local national and international settings The issue to critical communications researchers is not just technology and its ability to process information but who owns it who controls it and who has access to it In short who presses the buttons The struggle for alternative democratic solutions will continue and this book is an attempt to engage in such struggle

Media Education, Communication, and Public Policy Keval J. Kumar, 1995

Communication and Democracy Slavko Splichal, Janet Wasko, 1993 The 1980s witnessed a rapid growth of communication technology and an immense expansion of new media around the globe The development of new information and communication technologies has emphasized again the importance of economic social political and cultural institutions associated with the definitions of new technologies Many of the traditional conceptions of the relation of the media to democracy were predicated upon a certain perception of communication technology and the major contemporary debates related to democratization have to do again with the deployment of technologies How do all these developments affect society How is the communications explosion related to democracy What are the implications for the social functions of communications people s activities consciousness and values media ownership and control both nationally and internationally These are some of the questions discussed in this volume
