Evolving Life and Transition to the World Beyond Ronald Radhoff, 2011-05-13 The world is on the brink of major changes The vibrations are increasing on the planet and act as a catalyst that is empowering the light and suppressing the dark energies During this process great opportunities to be a part of a magnificent spiritual evolution are opening for those who choose the way of the loving light of God There is enormous confusion for many who have been subjected to false perceptions and are controlled through fear the great tool of the dark side of governments and yes even some religions This book is a result of the authors 33 year search for greater truths enhanced by communications from several spirit sources of the Deity plus answers about other life in the Cosmos including mind expanding descriptions from highly evolved beings about life on other planetary systems The author included several communications from friends and family when they described their transition experiences after crossing over to the World Beyond These messages go beyond fundamental religious myths and describe various dimensions in the spiritual realm This book is for you if youve ever wondered what your purpose in life is if you want to unleash greater powers of your mind if youve wondered whether there is intelligent life out there if youve wondered what the Afterlife is really like if you have any fear of dying death or crossing over if you really want to evolve spiritually Ron has given many lectures and presentations over several years to a variety of organizations Expressing his creativity Ron also paints in oil and is the cover artist From a reader Once I started reading your book it was so interesting I couldnt put it down and read it straight through I need eight more copies for family and friends Beverly R Novi Michigan

The World Beyond Europe in the Romance Epics of Boiardo and Ariosto Jo Ann Cavallo, 2013-10-28 This study offers a sustained examination of the presentation of eastern Asia the Middle East and northern Africa in two of the most important chivalric epics of the fifteenth

and sixteenth centuries Matteo Maria Boiardo's Orlando Innamorato 1495 and Ludovico Ariosto's Orlando Furioso 1516 Comparing the narratological strategies used to depict non European characters in these stories Jo Ann Cavallo argues that Boiardo's cosmopolitan vision of humankind increasingly became replaced by Ariosto's crusading ideology which emphasized a binary opposition between Christians and Saracens Cavallo addresses the poems mixing of imaginary sites and the geographical reality of a rapidly expanding globe contextualizing them against current events and concerns as well as ancient medieval and Renaissance texts influential at the time As the prize committee for the Scaglione Publication Award for a Manuscript in Italian Literary Studies noted This articulate engaging and well documented study represents an important work of scholarship in its cross cultural considerations of Italian Renaissance epic poetry **Harper and the Crystal**
