Tongues And Total Surrender:

Tongues and Total Surrender Fred Smolchuck,1974-01-01 *Tapping into Christian Power Daily* David Bergsland,2010-06-16 This is written for people in church who want power in their lives and or see no power in their church This is not meant to be nice polite feel good teaching to tickle your ears This is meant to slap you upside the head get your attention and let you know how much power is available for you to use in your daily walk with Jesus Walking in the Spirit is radical Christianity allowing the presence of God to infuse your life This book is written by a man who has known the Lord in this radical manner since 1974 To me the Christian walk is life death You either do it or you fry My goal is to help make sure you make it into the presence of God and that Jesus knows you when you drop your earth suit and head for the marriage supper of the Lamb What could be worse after spending your life going to church than to have Jesus speak the words He warned of in Matthew 7 I don't know you

Getting the Holy Ghost Peter Marina,2013-01-30 This book carries an ethnographic signature in approach and style and is an examination of a small Brooklyn New York African American Pentecostal church congregation and is based on ethnographic notes taken over the course of four years The Pentecostal Church is known to outsiders almost exclusively for its members bizarre habit of speaking in tongues This ethnography however puts those outsiders inside the church pews as it paints a portrait of piety compassion caring love all embraced through an embodiment perspective as the church's members experience these forces in the most personal ways through religious conversion Central themes include concerns with the notion of spectacle because of the grand bodily display that is highlighted by spiritual struggle social aspiration punishment and spontaneous explosions of a variety of emotions in the public sphere The approach to sociology throughout this work incorporates the striking dialectic of history and biography to penetrate and interact with religiously inspired residents of the inner city in a quest to make sense both empirically and theoretically of this rapidly changing surprising and highly contradictory late modern church scene The focus on the individual process of becoming Pentecostal provides a road map into the church and canvasses an intimate view into the lives of its members capturing their

stories as they proceed in their Pentecostal careers This book challenges important sociological concepts like crisis to explain religious seekership and conversion while developing new concepts such as God Hunting and Holy Ghost Capital to explain the process through which individuals become tongue speaking Pentecostals Church members acquire Holy Ghost Capital and construct a Pentecostal identity through a relationship narrative to establish personal status and power through conflicting tongue speaking ideas Finally this book examines the futures of the small and large institutionally affiliated Pentecostal Church and argues that the small Pentecostal Church is better able to resist modern rationalizing forces retaining the charisma that sparked the initial religious movement The power of charisma in the small church has far reaching consequences and implications for the future of Pentecostalism and its followers
