Garner, 2017-10-30 This book provides time and experience proven advice for responding safely and effectively to threats to a law enforcement officer fs safety It relies on law enforcement fs bloody history to reveal what has gone wrong for a very long time and how to fix it so that no more cops die needlessly This book identifies the cop killers and the fatal errors that cops make and it explores how these incidents happen and why Most important of all the book

goes into detail about how to prevent these terminal errors and furnishes to the point advice for avoiding them These tactics and techniques work It offers the same common sense advice that solid patrol sergeants have been sharing with their briefing room charges for a long while It has been assembled by a police chief who spent 15 years as a sergeant WHY COPS DIE can be used in a lot of ways all of them useful for drastically reducing the number of officers who die on the job every year It should be issued to every law enforcement academy recruit It is aimed across the spectrum of the law enforcement organization from the rookie to the first line supervisor to the command staff Chiefs and sheriffs will find it of value as will those directly responsible for the training of law enforcement officers By applying practical potentially lifesaving advice to their daily duties law enforcement fs first line practitioners can sharply reduce the number of peacekeepers who die or are maimed in the future That effort begins here

A Victim'S Guide to Surviving a Narcissist/Sociopath Sereena

Nightshade,2014-01-10 Pretty is as pretty does and while its true that money makes the world go round nice is what makes it habitable The Victims Guide to Surviving the Narcissist Sociopath is a quick guide book describing what a typical narcissist sociopath is and what his her typical victim is While the common wisdom dictates that the sociopath sociopath type predator goes after only those who are of little or no worth the stupid the uneducated and perhaps the hopelessly poor ignorant the reality is oftentimes the polar opposite The average in home family man family woman sociopath predator goes after someone who is not a predator while that someone does have a lot to offer the sociopath sociopath type The predator wants a partner or spouse that offers a great deal of value to strip mine away An uneducated moron frequently does not appeal to a sociopath predator that is looking at more than an extremely short term quick gain This book provides readers with a fast get down to it look at what a narcissist sociopath is what one of these predators does and it gives readers some basic nutshell advice that is surprisingly hard to come by A must read for victims and prospective victims alike whether not yet captured by a narcissist sociopath or already captured and beginning to figure out perhaps that as a victim or prospective victim you may be in trouble This book tells all for its brevity starting with the warning signs to the final war plan with all most of the ugly details included Photos herein are taken from more than one city location Names of individuals in all of this authors books are fictitious names Real names are not revealed By Sereena Nightshade
