Tractates Nazir Sotah:

Deviancy in Early Rabbinic Literature Simcha Fishbane, 2007 This study of early Rabbinic texts provides fresh and fascinating insights into the attitudes of the Rabbis towards outsiders

The Reader's Guide to the Talmud Jacob Neusner, 2001 This systematic introduction to the Talmud of Babylonia Bavli answers basic questions of form how is this a coherent document How do we make sense of the several languages in which it is written What are the principal parts of the complex writing Turning to questions of modes of thought the account proceeds to address the intellectual character of the Bavli and in particular the character and uses of its dialectics Finally questions of substance come to the fore how does the Talmud relate to the Torah and how does tradition enter in These basic questions of rhetoric topic and logic that anyone approaching the text will raise are dealt with clearly and authoritatively

The Mishnah in Contemporary Perspective Jacob Neusner, Alan Avery-Peck, 2006-07-01 This second volume of a two part project on the Mishnah displays a broad selection of approaches to the study of the Mishnah in the contemporary academy The work derives from Israel North America and Europe and shows the intellectual vitality of scholarship in all three centers of learning What these articles show in diverse ways is that the Mishnah forms a critical focus of the study of Judaism The authors of these studies represent the best of contemporary scholarship on the Mishnah Because of the many viewpoints included here this is the most representative selection of contemporary Mishnah study available in any collection in a Western language

A Bride Without a Blessing David Brodsky, 2006 David Brodsky uses form and source criticism to date Massekhet Kallah and the first two chapters of Kallah Rabbati which form a commentary on Massekhet Kallah to the mid amoraic period circa late third and early fifth centuries CE respectively and to locate their redaction in Babylonia This makes these two sources the only known rabbinic texts whose final redaction took place in Babylonia during the amoraic period and establishes them as the closest extant relatives of the Babylonian Talmud Parallels between these two sources and the Babylonian Talmud elucidate the nature of oral transmission and of the redactional processes of Babylonian rabbinic material during this critical period and thereby of the Babylonian Talmud itself In addition the author deciphers Massekhet Kallah s peculiar asceticism a concern with men s inappropriate use of or interactions with their wives charity vows and even with the group s own transmitted traditions Massekhet Kallah fears the physical and at times cosmic effects of such inappropriate behavior Brodsky finds that these items were all deemed consecrated removed from the realm of normal interaction To have mundane interaction with them was a powerful and dangerous act Brodsky explores the fascinating gender and theological implications of this unique asceticism
