**Why Everything You Think You Know About Motivating Your Teen Is Wrong** Vianney E, Why will my teenager spend six hours learning a video game but won t spend six minutes on math homework If you ve asked this question you aren t alone But you are asking the wrong question In this 54 page deep dive we move past the surface level parenting tips and magic scripts that never work Instead we look at the uncomfortable truth Your teenager isn t broken but the map you are using to lead them is thirty years out of date Most parenting advice today was designed for a world that no longer exists a

world where boredom was mandatory failure was private and the path to success was a straight line Your Gen Z teenager is navigating a neurological and digital landscape that is fundamentally different from the one you grew up in In this book you will discover The Effort Paradox Why your teen is actually capable of incredible grit and why they aren t applying it to their grades The Invisible Curriculum How your own unhealed patterns and autopilot behaviors are teaching your child more than your lectures ever will The Control Trap Why demanding compliance is a short term strategy with a long term cost to your relationship The Neurology of Gen Z A look inside the under construction prefrontal cortex and how to support it without micromanaging it Influence over Control How to move from being The Boss who is ignored to The Consultant who is respected This isn t a book about how to make your teenager behave It s a book about how to change the dynamic in your home by changing the person in the mirror Stop fighting the wrong battles Start building a relationship based on reality not rhetoric
