Uttar Pradesh Development Report 2000:

Uttar Pradesh Development Report, 2007 India's Planning Commission prepares State Development Reports (SDRs) for all States and Union Territories of India. The SDR is meant to discuss constraints and challenges, provide a vision and a blueprint or a roadmap for socio-economic progress. The report is expected to serve as a useful reference and stimulate informed debate on the policy issues facing the most populous state in India. The Uttar Pradesh Development Report reviews the region's latent potential in irrigation, power, transport, agriculture, and tourism. *World Development Report, 2000/2001*, 2000

Perspectives in Plant Ecology and Environmental Biology Prithipal Singh, 2006-03-01. This volume commemorates the Golden Jubilee Year of the establishment of Kirorimal College. This prestigious institution was honoured by the gracious presence of the First President of India, Dr. Rajendra Prasad, who laid the foundation of the college building. This commemorative volume focuses attention on the growing awareness about plant ecology and environmental biology. The different contributions present an up-to-date, detailed, and balanced overview of the current knowledge within specific topics. Man has interacted with nature in various ways since the dawn of civilization. Primitive societies ensured that a proper balance was maintained. The situation has changed by the various developmental activities of man. We are losing our natural resources: biodiversity, genetic diversity, and are unable to manage nature. The consequences are becoming apparent in the form of drought, floods, depletion of the ozone layer, global warming, climate change, melting of snow, rising of water levels in coastal areas, desertification, etc. These concern ecologists, environmentalists, and should receive adequate attention by students who study ecology. In this volume, emphasis has been laid on areas such as Climate Change, Environmental Laws, Biodiversity Act, Intellectual Property Rights, Mineral Industry and Environment, Remote Sensing, GIS, and the environment. Diversity and Distribution of wild relatives of crop plants, Sustainable agriculture, Management of Protected Areas, Wetland ecosystems, and Coastal Erosion. The volume is meant to serve as a useful reference book for graduate and post-graduate students.

The Diversity of Muslim Women's Lives in India Zoya Hasan, Ritu Menon, 2005. In order to broaden the lens through which Muslim women are typically seen, a group of researchers in India carried out a large and unprecedented study of one of the most disadvantaged sections of Indian society. The editors of *The Diversity of Muslim Women's Lives in India* bring together this research in a comprehensive collection of informative and revealing case studies.

India Human Development Report 2011, 2011. Questioning whether certain sections of Indian society suffer from multiple deprivations, the Indian Human Development Report 2011 evaluates whether the social indicators of the excluded groups are converging or diverging with the rest of the population. The Report addresses three critical issues: i) Do different social groups like the SCs, STs, and Muslims get excluded from the development process? ii) Has India experienced inclusive growth in the true sense? iii) How are flagship programmes/schemes of the government dealing with some of these concerns? Rich in data and analyses, this Report examines the human development index and profile for India and its states, economic attainment of the population.
