Valaquez Bride:

Velázquez and the Surrender of Breda Anthony Bailey,2011-11-08 Behind the famous painting by Diego Velázquez lies a rich story of the artist's life in art. What began as propaganda art to celebrate a rare Spanish victory in the Eighty Years War with Holland. The Surrender at Breda is today recognized as Velázquez's narrative masterpiece. Breda is packed with vivid military detail. Whole armies are suggested on the huge canvas twelve feet high and eleven feet wide. Unlike typical surrender scenes there is neither a heroic victor on horseback nor a vanquished commander on his knees. Instead the rivals appear on foot almost as equals. The loser bends forward to offer the key and receives a chivalrous pat on his shoulder as if to say Fortune has favored me but our roles might have been reversed. Anthony Bailey examines the paintings from which the artist arose coaxing stories from them that flesh out a complete portrait of one of the world's major artists whose personal life has remained largely unknown.

Cortés Carl R. Green,2009-01-01 A look at the life of Spanish conquistador Hernán Cortés including his first voyages to the New World his conquering of the Aztec Empire and his legacy in world history.

The Spanish Ballad in English Shasta M. Bryant,2021-11-21 This study offers an introduction to an important branch of Spanish literature the romance or ballad. Although a great many of these poems have been translated into English by various authors they are not generally known nor easily accessible. Collected here for the first time in a single volume is a broad and representative sampling of romances in translation that encompasses historical ballads including those about Spain's greatest folk hero el Cid Moorish ballads and ballads of chivalry love and adventure. For the collection Shasta M. Bryant has written a perceptive commentary and critique in which he discusses the individual poems and compares the translation with the original. Both texts are presented to facilitate comparison. For those who wish to pursue their reading further there is an index of romances that have been translated into English along with the names of the translators. Although the text has been written with the non-specialist in mind this book will be equally valuable for students of comparative literature and of medieval Spain.

Wounds of Love Frank Graziano,2004-01-15 The Peruvian mystic St. Rose of Lima Isabel Flores y Oliva 1586-1617 was canonized in 1671 as the first saint of the New World and remains the object of widespread devotion today. In this engrossing new study Frank Graziano uses the example of St. Rose to explore the meaning of female mysticism and the way in which saints are products of their cultures. Virginité, austerity, eucharistic devotion, incessant mortification and mystical marriage to Christ characterized the devotional regimen that structured St. Rose's entire life. Many of her mystical practices echo the symptoms of such modern psychological disorders as masochism, depression, hysteria, and anorexia nervosa. Graziano offers a sophisticated argument not only for the origins and meaning of these behaviors in Rose's case but also for the reason her culture venerated them as signs of sanctity. In the process he explores a wide range of themes from the idea of suffering as an expression of love to the assimilation of childhood trauma through religious repetition. Graziano also offers a penetrating analysis of the politics of Rose's canonization. He finds that her mystical union with God

bypassing the institutional channels of sacrament and priestly mediation was inherently subversive to the bureaucratized Church Canonization was a cooptation by which Rose's competing claim to Christ was integrated into the Catholic canon The book concludes with a fascinating exploration of mystical eroticism with its intense experiences of vision and ecstasy The eroticized suffering of many mystics is shown to be very human in origin the mystic's wounded love is projected onto a God conceived to accommodate it Wounds of Love is based on a decade of research in archives rare books and an extraordinary range of secondary sources Introducing an innovative method that integrates history cultural studies psychoanalysis and clinical psychology this compelling work offers a bold new interpretation of female mysticism *The Works of Hubert Howe Bancroft ...: History of Mexico. 1883-87* Hubert Howe Bancroft, 1886 **The Works of Hubert Howe Bancroft: The native races. 1882** Hubert Howe Bancroft, 1886 **The Works of Hubert Howe Bancroft: History of Mexico. 1883-88** Hubert Howe Bancroft, 1883 [The works of Hubert Howe Bancroft](#) Hubert Howe Bancroft, 1883 *History of Mexico: 1516-1521* Hubert Howe Bancroft, 1883 **History of Mexico** Hubert Howe Bancroft, 1883 *Sword of Empire* Donald E.
