Forge winter Provided by publisher **Historical Archaeology of the Revolutionary War Encampments of Washington's Army** Cosimo A. Sgarlata, David G. Orr, Bethany A. Morrison, 2019-06-12 This volume presents recent archaeological and ethnohistorical research on the encampments trails and support structures of the Continental Army during the American Revolutionary War These sites illuminate the daily lives of soldiers officers and camp followers away from the more well known military campaigns and battles The research featured here includes previously unpublished findings from the winter encampments at Valley Forge Pennsylvania as well as work from sites in Redding Connecticut and Morristown New Jersey Topics range from excavations of a special dining cabin constructed for General George Washington to ballistic analysis of a target range established by General von Steuben Contributors use experimental archaeology to learn how soldiers constructed their log hut quarters and they reconstruct Rochambeau's marching route through Connecticut on his way to help Washington defeat the British at Yorktown They also describe the underrecognized roles of African descendants Native peoples and women who lived and worked at the camps Showing how archaeology can contribute insights into the American Revolution beyond what historical records convey this volume calls for protection of and further research into non conflict sites that were crucial to this formative struggle in the history of the United States Contributors Cosimo Sgarlata Joseph Balicki Joseph R Blondino Douglas Campana Wade P Catts Daniel Cruson Mathew Grubel Mary Harper Diane Hassan David G Orr Julia Steele Laurie Weinstein **The Valley Forge Winter** Wayne K. Bodle, 2002 Bodle presents a very different picture of Valley Forge one that revises both popular and scholarly perceptions Far from being set in a wilderness the Continental Army's quarters were deliberately located in a settled area And although there was a provisions crisis Washington overstated the case in order to secure additional support A shrewd man Washington mostly succeeded at keeping his army supplied with food clothing and munitions Farmers from the interior provided food that ensured that the army didn't starve As for Steuben's role in training the soldiers Bodle argues that it was not the decisive factor others have seen in the army's later victories **Revolutionary America, 1763-1789**, 1984 Ill on lining papers Includes index [The War of the American Revolution](#) Richard L.
