## Valores Morales:

Obras completas Manuel García Morente, 1996 *Investigación en Administración en América Latina, ¿Qué es filosofía?*, 2000-06-26 Este libro está dedicado a la rehabilitación de la filosofía. Trata de explicar con detalle la verdadera naturaleza del conocimiento filosófico, el verdadero objeto de la filosofía, su dignidad epistemológica y su vitalidad existencial. También esperamos que pueda llegar a ser un arma eficaz para derribar la fortaleza de los que hacen un fetiche de la ciencia y sirva para volver a abrir las puertas al auténtico universo, al cosmos, en toda su altura, anchura y profundidad. Este libro pretende exponer el papel clásico de la filosofía en la vida del hombre. El autor se da plena cuenta de la oposición que el libro va a encontrar. Previas sonrisas irónicas en los rostros de muchos positivistas que consideran este trabajo como expresión de una mentalidad obsoleta y reaccionaria, espera ser condenado por aquellos que rinden culto a la ciencia que consideran este libro anacrónico, ingenuo y acientífico.

**Opción de vida Peñaranda, Javier. 1a. ed.**, Educación moral para todos en secundaria Juan Manuel Cobo Suero, 1995-09-05 El libro expone el sentido del enfoque actual de la educación moral y analiza los aciertos y problemas de las dos áreas que abarca. Propone el patrimonio clásico como eje transversal que vertebrará toda la educación moral. Aporta modelos de programaciones orientadas a conjugar el área de educación moral y de religión católica.

*Escaparse de Las Prisiones Interiores* Rogelio Cuesta, 2007-08 Este libro es una obra pionera en su campo, pues por primera vez se diseña un texto y una guía de trabajo para los encarcelados. Asimismo ofrece y propone un componente moral para impartir tanto en los programas académicos como de rehabilitación y de autoayuda personal. El autor aboga por una terapia moral como recurso necesario en el proceso de hacerse y ser más humanos. Se trata de una visión humanizadora de la moral, al rescatar elementos positivos y terapéuticos del fondo del alma humana. Esta terapia moral nos ayuda a escaparnos de algunas de las prisiones que el autor aborda en su obra: mente, corazón, tiempo y ambiente. Dada la fuerte inspiración filosófica y humanística, el texto incita e invita a la reflexión profunda y a la acción personal. De este modo, la tica despierta y alienta al hombre pensador, pero especialmente al hombre hacedor, pues como tal hace y realiza el supremo esfuerzo de autoliberarse y emprende la sublime aventura de escaparse de la prisión de sí mismo.

**Educación familiar** Enrique Gervilla Castillo, 2003-01-11 The physical and affective closeness of certain persons who have given us our biological being condition and determine our way of being human, as only with the help of others can we learn how to become persons. The family, given the importance of the first experiences, becomes the first school of humanity and humanization. The book wishes to give an answer to a great need felt by educators, teachers, professors, parents, mothers and children, as is the formation or present education in the family environment. The social changes are so rapid and the family models so diverse that it becomes urgent and necessary to offer contributions and orientations in this regard in this moment of crisis. The family counsellors and other professionals will find appropriate orientations here to two big challenges of today's family: to teach how to live and to share life in a more and more plural society. Different specialists and different Spanish universities from their knowledge and

experience have given a response to these themes and help the reader to understand and focus the different family models that exist currently in our society *Filosofía.
