Valor's Choice (Open Market) Tanya Huff,2025-02-04 Tanya Huff acclaimed author of the Blood Series begins her celebrated Confederation series that will launch readers into a future where Humans are not the most evolved species Good thing they can take orders Brought into the multi species Confederation Humans earn their place along the Taykan and the Krai by acting as military guardians of the Elder Races who have risen above societal aggression and violence When Staff Sergeant Torin Kerr and her platoon are dragged from some well deserved R R to play honor guard for a diplomatic mission to the non Confederation planet of the Silsviss Torin suspects that something is about to go wrong You don t make staff sergeant in the CMC without a well developed sense of paranoia Justified paranoia when word reaches them that the enemy has been spotted in this sector of space The diplomatic mission becomes a race to recruit the Silsviss into the Confederation before the enemy returns claims the reptilian warriors as their own and turns them loose on the Confederation One battle weary platoon has to step up to stop the slaughter Valour's Choice Tanya Huff,2013 In the distant future humans and several other races have been granted membership to the Confederation at a price They must act as soldiers protectors to the far more civilized races who have long since turned away from war *Valor's Trial* Tanya Huff,2008-06-03 The fourth book in Tanya Huff s action packed military sci fi adventure Confederation series After surviving the perils of the Crucible the Marine Corps planet where a routine training assignment had taken a deadly twist Gunnery Sergeant Torin Kerr returned to Ventris Station just in time to link up with her old platoon and head out to a new war zone an area of space where the enemy known as the Others appeared to be building up its forces for a preemptive strike Sent to pull back troops who d moved up to an indefensible position Torin was caught in the heaviest fighting just as a devastating air strike reduced the whole area to slag The Corps concluded that she was dead But despite irrefutable evidence neither Torin s father nor salvager Craig Ryder agreed And the truth was that Torin had survived She woke to discover that she was trapped in a series of underground caves that appeared to be an enemy run POW camp But everyone knew the Others never took prisoners or did they Could Gunnery Sergeant Torin Kerr escape this prison that shouldn t even exist taking as many Marines as possible with her Though she was determined to get herself and her Marines back to the Confederation Torin had no idea how crucial her attempt could prove not only to her own well being but to the course of the entire war *A Confederation of Valor* Tanya Huff,2015-02-03 In Valor s Choice Staff Sergeant Torin Kerr and her crew get yanked from a well deserved shore leave in order to participate in an easy mission They are to act as an honour guard for a diplomatic visit to the world of the Silsviss reptilian aliens with a strong appreciation for war and conquest In The Better Part of Valor Torin Kerr s outspokenness gets her in a load of trouble After she tells a two star general what she really thinks of him she finds herself separated from her platoon and sent off on a perilous assignment The Heart of Valor Tanya Huff,2008-06-03 The third installment in Tanya Huff s action packed military sci fi adventure Confederation series Gunnery Sergeant Torin Kerr was a Confederation Marine

s marine She d survived more deadly encounters and kept more of her officers and enlisted alive than anyone in the Corps and she was determined to keep the record intact But since her last mission she d been sidelined into endless briefings and debriefings with no end in sight So of course she d jumped at the chance to go to the Crucible the Marine Corps training planet as temporary aide to Major Svensson The major had been reduced to little more than a brain and spinal cord in his last combat and he and his doctor were anxious to field test his newly re grown body It should have been an easy twenty day run After all Crucible was only set up to simulate battle situations so recruits could be trained safely But they were barely on planet when someone started blasting the training scenarios to smithereens And suddenly Kerr found herself not only responsible for the major and his doctor but caught in a desperate fight to keep a platoon of Marine recruits alive until someone discovered what was happening on Crucible *Choice of Choices [poems]* ,1905 Love and Valor Tom Hood,1872 The Family Kevin McCarthy,David Silva,2001 it began with a CIA operation an experimental program in mind spying Then priorities shifted and the PSi Project was no longer considered essential But Samuel Hunter wasn t about to abandon the project Not when he could use his three young recruits for far more than spying But when Hunter tried to make Summer into his personal assassin coworker Michael Hastings had had enough So Hastings came up with the Great Escape Changing his name to Kevin McConnell he and his three charges fled cross country losing themselves in Los Angeles Kevin knew Hunter would never give up the chase but for now they were safe at least until Kevin ran into someone from his own past Police Detective Lieutenant Daniel Kaufman Someone or something was killing the special effects people in Hollywood and the police were stumped Kevin s kids might be able to provide the clues the police needed through their special talents Still Kaufman wouldn t have asked if he could have forseen the deadly jeopardy his request would place them in Deeds of Valor Walter F.
