*The Secret of Meadowbrook Orphanage* DC Johnson, Ron Rowan, 2012-05-08 It is said that love is the greatest gift of all but in reality there are two greatest gifts One is love that much we already know to be true However the second greatest gift is that of being a child for it is only as a child that one knows how to truly believe And it is this simple act of believing that has its own special kind of magic as you will see in this story When a child believes there is an energy that feeds everything and everyone around them It feeds even those magical beings who most adults can no longer see nor will they ever see again because they no longer know how to see that which they stopped believing in Sadly enough there are even some children who stop believing Sometimes it takes the energy of other children to awaken their beliefs again and that is also the case in this story So I invite you to reconnect to the magic that each of us once had the magic that children always hold and the magic that will bring you to a place where everything is possible All you have to do is believe
