Dennis O'Donovan

Volume 1 Sabbath Observance:

The Gospel of Matthew, vol. 1 Walter T. Wilson, 2022-11-29 What was the original purpose of the Gospel of Matthew For whom was it written In this magisterial two volume commentary Walter Wilson interprets Matthew as a catechetical work that expresses the ideological and institutional concerns of a faction of disaffected Jewish followers of Jesus in the late first century CE Wilson s compelling thesis frames Matthew s Gospel as not only a continuation of the biblical story but also as a didactic narrative intended to shape the commitments and identity of a particular group that saw itself as a beleaguered dissident minority Thus the text clarifies Jesus s essential Jewish character as the Son of David while also portraying him in opposition to prominent religious leaders of his day most notably the Pharisees and open to cordial association with non Jews Through meticulous engagement with the Greek text of the Gospel as well as relevant primary sources and secondary literature Wilson offers a wealth of insight into the first book of the New Testament After an introduction exploring the background of the text its genre and literary features and its theological orientation Wilson explicates each passage of the Gospel with thorough commentary on the intended message to first century readers about topics like morality liturgy mission group discipline and eschatology Scholars students pastors and all readers interested in what makes the Gospel of Matthew distinctive among the Synoptics will appreciate and benefit from Wilson s deep contextualization of the text informed by his years of studying the New Testament and Christian origins The Institutes of Biblical Law Vol. 1 R. J.

Rushdoony, 2009-11-16 To attempt to study Scripture without studying its law is to deny it To attempt to understand Western civilization apart from the impact of Biblical law within it and upon it is to seek a fictitious history and to reject twenty centuries and their progress The Institutes of Biblical Law has as its purpose a reversal of the present trend it is called Institutes in the older meaning of the that word i e fundamental principles here of law because it is intended as a beginning as an instituting consideration of that law which must govern society and which shall govern society under God To understand Biblical law it is necessary to understand also certain basic characteristics of that law In it certain broad premises or principles are declared These are declarations of basic law The Ten Commandments give us such declarations A second characteristics of Biblical law is that the major portion of the law is case law i e the illustration of the basic principle in terms of specific cases These specific cases are often illustrations of the extent of the application of the law that is by citing a minimal type of case the necessary jurisdictions of the law are revealed The law then asserts principles and cites cases to develop the implications of those principles with is purpose and direction the restitution of God s order *The Cambridge History of Judaism: Volume 1, Introduction: The Persian Period* William David Davies, Louis Finkelstein, William Horbury, John Sturdy, Steven T.
