Whatever Happened To Shakespear

Jean I. Marsden

Whatever Happened To Shakespear:

The Re-imagined Text Jean I. Marsden,1995 Shakespeare s plays were not always the inviolable texts they are almost universally considered to be today The Restoration and eighteenth century committed what many critics view as one of the most subversive acts in literary history the rewriting and restructuring of Shakespeare s plays Many of us are familiar with Nahum Tate s audacious adaptation of King Lear with its resoundingly happy ending but Tate was only one of a score of playwrights who adapted Shakespeare s plays Between 1660 and 1777 more than fifty adaptations appeared in print and on the stage works in which playwrights augmented substantially cut or completely rewrote the original plays The plays were staged with new characters new scenes new endings and underlying all this novelty new words Why did this happen And why in the later eighteenth century did it stop These questions have serious implications regarding both the aesthetics of the literary text and its treatment for the adaptations manifest the period s perceptions of Shakespeare As such they demonstrate an important evolution in the definition of poetic language and in the idea of what constitutes a literary work In *The Re-Imagined Text* Jean I Marsden examines both the adaptations and the network of literary theory that surrounds them thereby exploring the problems of textual sanctity and of the author s relationship to the text As she demonstrates Shakespeare s works and English literature in general came to be defined by their words rather than by the plots and morality on which the older aesthetic theory focused a clear step toward our modern concern for the word and its varying levels of signification

The Day Shakespeare Died Hugh Ross Williamson,1962 *Shakespeare's History of the Life and Death of King John* William Shakespeare,1921 [A New Variorum Edition of Shakespeare: The life and death of King John.](#) 1919 William Shakespeare,1919 v 23 The second part of Henry the Fourth 1940 v 24 25 The sonnets 1924 v 26 Troilus and Cressida 1953 v 27 The life and death of King Richard the Second 1955 **The Reference Shakespeare** William Shakespeare,1879

The Complete Works of William Shakespeare William Shakespeare,1927 **Shakespeare's History** Lily B Campbell,2013-09-13 First published in 1947 in the USA This edition reprints the first UK edition of 1964 Published to critical acclaim the central argument of this book is that the historical play must be studied as a genre separate from tragedy and comedy Just as there is in Shakespearean tragedies a dominant ethical pattern of passion opposed to reason so there is in the history plays a dominant political pattern characteristic of the political philosophy of the age From the troublesome reign of King John to the tragical doings of Richard III Shakespeare wove the events of English history into plots of universal interest **O'Neill's Shakespeare** Normand Berlin,1994 Reveals unexplored links between Shakespeare s plays and the work of Eugene O Neill [Shakespeare's Sisters](#) Ramie Targoff,2026-02-17 THE NEW YORK TIMES BOOK REVIEW EDITORS CHOICE A BOSTON GLOBE BEST BOOK OF THE YEAR This remarkable work about women writers in the English Renaissance explodes our notion of the Shakespearean period by drawing us into the lives of four women who were committed to their craft long before anyone ever imagined the possibility of a room of one s own In an innovative and

engaging narrative of everyday life in Shakespeare's England Ramie Targoff carries us from the sumptuous coronation of Queen Elizabeth in the mid sixteenth century into the private lives of four women writers working at a time when women were legally the property of men Some readers may have heard of Mary Sidney accomplished poet and sister of the famous Sir Philip Sidney but few will have heard of Aemilia Lanyer the first woman in the seventeenth century to publish a book of original poetry which offered a feminist take on the crucifixion or Elizabeth Cary who published the first original play by a woman about the plight of the Jewish princess Mariam Then there was Anne Clifford a lifelong diarist who fought for decades against a patriarchy that tried to rob her of her land in one of England's most infamous inheritance battles These women had husbands and children to care for and little support for their art yet against all odds they defined themselves as writers finding rooms of their own where doors had been shut for centuries Targoff flings those doors open revealing the treasures left by these extraordinary women in the process she helps us see the Renaissance in a fresh light creating a richer understanding of history and offering a much needed female perspective on life in Shakespeare's day

Shakespeare's Political Drama Alexander Leggatt, 2003-09-02 First published in 1989 Routledge is an imprint of Taylor Francis an informa company

Exploring Shakespeare S. Viswanathan, 2005 The book is a compilation of different erudite articles already published by the author in various scholarly journals and other edited volumes The essays are a study and an enquiry into a variety of dramaturgical methods and processes that contribute to the theatrical dynamics of the Shakespeare plays All the articles are concerned with the art of playmaking with an examination of the tools and devices used by Shakespeare which contribute to the dramatic life of the play but also articulate the moral and sociocultural ideas of the time There has not been much critical work in this area before and the book is one of the first of its kind The book unravels the function and effect of many poetic rhetorical topological visual and theatrical devices which Shakespeare exploits in his plays for a dramatic effect Together the essays present an idea of the multidimensional totality of theatre language and communication which Shakespeare achieves through a masterful orchestration of dramatic resources The book will be of immense value to students scholars and researchers in the fields of theatre techniques and art literature in general and drama in particular

New Readings & New Renderings of Shakespeare's Tragedies Henry Halford Vaughan, 1878
