Wheel Of Love:

The Wheel of Love Joyce Carol Oates,1970 Collection of short stories concerning the nature of love love in its differing forms and vision in its differing participants and their differing approaches Love Eclipsed Nancy Ann Watanabe,1998 This book demonstrates the greatness of Joyce Carol Oates who is a nominee for a Nobel Award in Literature Nancy Watanabe discusses Oates s previously undiscovered roots in the literatures of Europe and Asia Watanabe s thought provoking analyses are enhanced by a cinematically inspired principle of organization that reflects Oates s own stratagems In a massive build up of metaphorical links between a Copernican world of nature and actions taken by ordinary people in the course of their daily living Oates portrays America as a land of justice that is always a step behind a Faustian desire for freedom to pursue material desires Oates documents an eclipsing of a divinely inspired Christian love by Faustian quest Through this study readers will gain a broader perspective and a more accurate assessment of Oates s global significance
