Nocturnal Rainbows Candace Atkinson, 2023-03-31 About the Book There is a point in everyone s life a moment that changes your trajectory A disruption to your linear path inertia What happened to me was just that but that s not what is paramount because somehow I found my way back I think How do you know who you are How do you know if you re being authentic What small infractions caused so much chaos that it brought you to you If authenticity is the main contract how do you sign it How do you surrender to it You don t You surrender to more than you

You sign a contract within your soul that is connected to more than just your brain In reality you can't sign this contract because it was signed long before you even knew your brain body or consciousness As Plato called them forms spiritualists call it a soul In this novel all of the concerns I have progressed through and are still living with are addressed As this work is a work in progress as am I it will be distributed in volumes About the Author Candace Atkinson has always had a passion for learning and a love for God but her views were always unorthodox Though baptized Christian and later raised Mormon she never submitted to all the views that religious validation required but still felt a deep connection to a higher power After going through the traumas depicted in this fictional novel she had a profound spiritual awakening at the age of 23 after six months of meditating and having never inquired into mysticism or Hinduism she found a new way of thinking living and being It is her hope that through the description of her trials maybe just one person can amble through their own a little more graciously than she may have
