of his powers as a master storyteller      **In Search of Jewish Community** Michael Brenner, Derek J. Penslar, 1999-01-22 A collection of essays interrogates the nature of Jewish identity in the time between two world wars The history of Jews in interwar Germany and Austria is often viewed either as the culmination of tremendous success in the economic and cultural realms and of individual assimilation and acculturation or as the beginning of the road that led to Auschwitz By contrast this volume demonstrates a re emerging sense of community within the German speaking Jewish population of these two countries in the two decades after World War I The fresh research presented here shows that while Jews may have experienced a deepening sense of impending crisis and economic decline a renewal of Jewish communal life took place during these years as new groupings sprang up including organizations for youth for rural Jews and for political groups such as Zionists and Bundists Several chapters consider the impact of economic and political crises on German Jewish family life Together these essays form a complex mosaic of German Jewry on the eve of its demise An excellent collection well written and cogently argued David N Myers      Midstream ,1994      Jewish Religious Life After the Exile Thomas Kelly Cheyne, 1898 People, the Land, and the Book ,1900      Index to Jewish Periodicals ,2005 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests      The Literary World ,1882      **California.
