Weird Kid Greg van Eekhout,2021-07-27 From the author of Cog and Voyage of the Dogs Weird Kid is a hilarious and heartfelt homage to everyone who feels like they don t belong Perfect for fans of Gordon Korman and Stuart Gibbs Jake Wind is trying to stay under the radar Whose radar Anyone who might be too interested in the fact that he has shapeshifting abilities he can t control Or that his parents found him as a ball of goo when he was a baby Keeping his powers in check is crucial though if he wants to live a normal life and go to middle school instead of being homeschooled and if he wants to avoid being kidnapped and experimented on of course Things feel like they re going his way when he survives his first day of school without transforming and makes a new friend But when mysterious sinkholes start popping up around town sinkholes filled with the same extraterrestrial substance as Jake and his neighbors classmates and even his family start acting a little well weird Jake will have to learn to use his powers in order to save his town The short page count humor and action make this a good choice for reluctant readers A solid purchase for school and public libraries
