African-American Holiness Pentecostal Movement Sherry S. DuPree,2013-09-13 First Published in 1996 Those of us who aspire to know about the black church in the African American experience are never satisfied We know so much more about the Christian and church life of black Americans than we did even a dozen years ago but all the recent discoveries whet our insatiable appetites to know it all That goal will never be attained of course but there do remain many conquerable worlds Sherry Sherrod DuPree set her mind to conquering one of those worlds She has persisted with the results detailed here A huge number of items are available to inform us about Holiness Pentecostal and Charismatic congregations and organizations in the African American Christian community

Philosophical Essays Bertrand Russell,2014-02-25 First published in 1966 This collection of essays dates from the first decade of this century and marks an important period in the evolution of Bertrand Russell's thought Russell intended the collection to appeal to those who take an interest in philosophical questions without having had a professional training in philosophy those people will find these writings just as illuminating today

Sacred Language, Sacred World Joshua D. Broggi,2015-12-17 Heidegger and Gadamer are typically read by different theologians Heidegger tends to be read by philosophical theologians examining his contribution to matters of doubt existential finitude and atheism Gadamer tends to be read by those with an interest in interpreting the Bible especially by those with more confessional or epistemically optimistic sensibilities In both cases Heidegger and Gadamer have well established associations with specific theological positions Joshua Broggi challenges this arrangement by re-reading the primary texts as theological resources he defends an alternative theological appropriation of their philosophical work through a close engagement with portions of their argument What emerges from Broggi's examination is an account of the unity of tradition reason and scriptural language This account goes beyond claims of their relatedness which are uncontroversial and advances the stronger argument that they name the very same thing Although initially counterintuitive the central task set by both Heidegger and Gadamer is the investigation of that one phenomenon This argument challenges the pervasive image in which Christians rely on tradition to reason about the meaning of scripture It puts into question the injunction that theologians should balance the resources of scripture tradition and reason Broggi offers an account of Christian life as more fundamental than certain entities which are distilled out of it namely scripture tradition and reason

"The Truth, the Whole Truth, and Nothing But ..." Albert Eugene Kane,1949 *The TRUTH* MR Bjorn Agera,2013-02-02

There is a TRUTH The Real TRUTH The TRUTH of all TRUTH All seek this TRUTH A few have found it Majority have not either by sheer ignorance or outright rejection Others while staring this TRUTH in the face trample over it and continue pathetically some indeed foolishly others blindly in search of TRUTH All religions profess this TRUTH while their adherents dance around it preferring the more colorful rituals that our forefathers performed in the hope of discovering this TRUTH

For example are you required to bow or kneel or nod your head three times before the light bulb in your room comes on Goddammit you say of course all you are required to do is press the switch Such is the openness directness and simplicity of TRUTH which exists everywhere in abundance and is easily accessible by ALL TRUTH is not afraid of scrutiny In fact it likes to be tried and tested on ALL counts and on ALL grounds it remains the last man standing This is the TRUTH the whole TRUTH and NOTHING but The TRUTH Today we know for a fact that the very few who knew about this TRUTH kept the knowledge hidden from the rest of the world But today the TRUTH is out in the open being testified by many This little book The TRUTH is a simplified version of that TRUTH explained in plain language to an advanced World Wide Web society that is lit by electricity and propelled by technology The whole TRUTH you will discover as you read this little book cannot be explained from a single perspective it requires all the other perspectives to make it whole and complete But from which ever perspective one views The TRUTH the substance remains the same This is The TRUTH The TRUTH is part ONE of an interesting and enlightening series in the spin MIND in MOTION you may check out The REALITY the SECOND in the series
