Why Fings Went West:

Reviewing the Situation John Snelson, 2023-10-05 The British musical in its formative years has appeared in strikingly different guises from the lasting hits of *Oliver* and *Me and My Girl* to the successes of *The Dancing Years*, *Bless the Bride* and *Espresso Bongo*. This authoritative study traces what made these shows successes in the West End and how their qualities define a uniquely British interpretation of the genre. Cultural, sociological and political influences intertwine with close reading of the dramatic and musical elements of this repertory to reveal a fascinating web of connections and contrasts between the times the shows and the people who made them. Through detailed case studies such as of *The Boy Friend* and *Bitter Sweet*, the rich individuality of each West End work is spotlighted, posing vital questions and intriguing answers as to what a British musical can be. Interdisciplinary in nature, this study brings together all the core materials to discover this period in the story of the British musical. *Reviewing the Situation* is insightful and lively, an invaluable resource for students and scholars of musical theatre and all those theatregoers drawn to the power of these classic British shows.

Electrical Engineer, 1891 *The Western Christian Advocate*, 1906 *Western Fruit Grower*, 1906 **Why We Lost** Daniel P. Bolger, 2014. A high ranking general's gripping insider account of the U.S. wars in Iraq and Afghanistan and how it all went wrong. Over a thirty five year career Daniel Bolger rose through the army infantry to become a three star general commanding in both theaters of the U.S. campaigns in Iraq and Afghanistan. He participated in meetings with top level military and civilian players where strategy was made and managed. At the same time he regularly carried a rifle alongside rank and file soldiers in combat actions unusual for a general. Now as a witness to all levels of military command Bolger offers a unique assessment of these wars from 9/11 to the final withdrawal from the region. Writing with hard won experience and unflinching honesty Bolger makes the firm case that in Iraq and in Afghanistan we lost but we didn't have to. Intelligence was garbled. Key decision makers were blinded by spreadsheets or theories. And at the root of our failure we never really understood our enemy. *Why We Lost* is a timely forceful and compulsively readable account of these wars from a fresh and authoritative perspective.
