 important book is based on the findings of the Illinois Valedictorian Project the first systematic research study of high school  
 valedictorians Lives of Promise examines the question of what doing well in school actually means The study follows the  
 academic and nonacademic lives of eighty one high school valedictorians for fourteen years after graduation The author  
 Karen D Arnold documents not only a generation who began their adult lives in America during the 1980s and 1990s but also  
 the viability of some of our fundamental assumptions about what our schools measure and reward Written in accessible  
 jargon free language the book explores the obstaclesincluding those of gender and race that hinder our presumed future  
 leaders Using illustrative examples the author provides lessons about the nature of success the consequences of academic  
 achievement and the conditions that foster attainment in early adulthood The book addresses head on the urgent national  
 debates on the failure of American education to develop future leaders from our pool of increasingly diverse youth Some of  
 the study s findings include the following at all levels of education hard work perseverance and focus as opposed to natural  
 ability are the most important factors for academic success commitment and involvement of faculty are key to the academic  
 and career success of women minorities and first generation college students minority valedictorians struggle with obstacles  
 such as financial problems lack of support by faculty and isolation in predominantly white universities Social scientists  
 psychologists high school and college administrators educators of the talented and gifted school counselors student  
 development scholars college admissions professionals and parents will find this book an invaluable resource if they are to
