**Between Hope & Despair** Donna Maureen Chovanec,2009 This book is an empirical account of political learning in social movements based on a study of a women s movement in Arica Chile In the first part of the book the author tells the story of how the women of Arica organized to oppose the Chilean dictator Augusto Pinochet This gripping narrative told

through the women's own words and experiences paints a graphic picture of their courage and determination. The second part focuses on the political learning and educational processes that emerged from this narrative. The author explores three key themes: political consciousness, social movement praxis, and how participation in social movements changes lives. She concludes by discussing the role of adult education in social movements. The book is illustrated with images from the struggle.

**Book Jacket**     **The Women's Movement In Latin America** Jane Jaquette, 1991     **Victims of the Chilean Miracle** Peter Winn, 2004-07-20 An attempt to gauge the impact of Chile's neoliberal reform policies and of the Chilean economic miracle on various groups of workers     *Hecate*, 2004     *Women and Empowerment in the Global South* Amriah bt. Buang, Janet Henshall Momsen, 2013     *Latin American Research Review*, 2007     **Feminist Politics, Activism and Vision** Luciana Ricciutelli, Angela Miles, Margaret McFadden, 2004 This volume brings together essays of remarkable variety and fresh insight by leading feminists from Africa, Asia, Latin America, North America, Europe, and Scandinavia. With clear-eyed realism and passionate optimism, these articles raise crucial historical, organizational, ethical, conceptual, strategic, and practical issues facing feminists today. The personal accounts, political speeches, and academic articles collected here reveal a vibrant and multifaceted transnational feminist community redefining wealth, work, peace, democracy, sexuality, family, human rights, development, community, and citizenship. They provide a sense of inter-related issues being addressed at local, national, regional, and global levels in generative ways which both honor local and global movements.     *Latin American Social Movements* Hank Johnston, Paul Almeida, 2006-08-11 The two current trends of democratization and deepening economic liberalization have made Latin American countries a ground for massive defensive mobilization campaigns and have created new sites of popular struggle. In this edited volume on Latin American social movements, original chapters are combined with peer-reviewed articles from the well-regarded journal *Mobilization*. Each section represents a major theme in Latin American social movement research. Original chapters discuss the Madres de Plaza de Mayo movement in Argentina and the Zapatista movement in Chiapas, Mexico. Also included in the book's coverage of the region's major movements are los piqueteros and antisweatshop labor organizing. This is the first study to focus closely on the related issues of neoliberal globalization, democratization, and the workings of transnational advocacy networks in Latin America.     *ReVista*, 2003
