discover Why cognitive decline often begins decades before symptoms appear How specific sleep positions support or
sabotage brain detox The role of deep sleep in memory formation and neurological repair Why sleep deprivation accelerates
dementia risk Early warning signs of brain decline most people ignore Simple changes you can make tonight to protect your
brain Daily and nightly habits that support long term cognitive clarity How to age with sharper memory focus and mental
resilience This is not fear based speculation or complicated medical theory It's a clear practical science backed roadmap
designed to help you take control before irreversible damage occurs Why this book matters now Dementia is one of the
fastest growing global health crises Yet many of its strongest risk factors are modifiable if addressed early enough Sleep is
one of the most powerful tools you have And most people are using it incorrectly Whether you want to protect your memory
maintain independence as you age reduce dementia risk naturally or safeguard the brain health of someone you love
Dementia Starts in Your Sleep gives you actionable knowledge when it still matters most Start protecting your brain tonight
Your future memory depends on it *Modern Habits for a Younger You* BK Murumbe,2025-06-29 ATTENTION Is the person
in the mirror keeping up with the vibrant energetic person you feel inside What if you could close the gap between how you
feel and how you want to feel Not with punishing workouts restrictive diets or expensive creams but with a series of simple
powerful shifts that fit seamlessly into your modern life INTEREST Forget everything you think you know about anti aging
Modern Habits for a Younger You isn't another list of impossible rules It's a science backed guide to rewiring your daily
routines to work for you not against you This book cuts through the noise of the wellness industry to deliver a clear
minimalist blueprint for lasting change Discover The 5 minute morning ritual that turns on your body's youth switches How
to eat for cellular level rejuvenation without ever feeling deprived The Habit Stacking technique to make feeling energetic
and clear headed your new normal Simple mind hacks to reduce the stress that ages you faster than any meditation app
DESIRE Imagine waking up with effortless energy Imagine looking in the mirror and seeing a vibrant glow that has nothing

to do with makeup Picture a life where mental clarity is your default and feeling young is no longer a number it s your daily reality This isn t a fantasy It s the outcome of small intentional habits

Behavioral Medicine: A Guide for Clinical Practice, 5th Edition Mitchell D. Feldman, John F. Christensen, 2019-12-06. The #1 guide to behavioral issues in medicine delivering thorough practical discussion of the full scope of the physician-patient relationship. This is an extraordinarily thorough useful book. It manages to summarize numerous topics many of which are not a part of a traditional medical curriculum in concise relevant chapters. Doody's Review Service 5 stars reviewing an earlier edition. The goal of Behavioral Medicine is to help practitioners and students understand the interplay between psychological, physical, social, and cultural issues of patients. Within its pages, readers will find real-world coverage of behavioral and interactional issues that occur between provider and patient in everyday clinical practice. Readers will learn how to deliver bad news, how to conduct an effective patient interview, how to care for patients at the end of life, how to clinically manage common mental and behavioral issues in medical patients, the principles of medical professionalism, motivating behavior change, and much more. As the leading text on the subject, this trusted classic delivers the most definitive practical overview of the behavioral, clinical, and social contexts of the physician-patient relationship. The book is case-based to reinforce learning through real-world examples focusing on issues that commonly arise in everyday medical practice and training. One of the significant elements of Behavioral Medicine is the recognition that the wellbeing of physicians and other health professionals is critically important to caring for patients.
