60 Amnesty International delegations and more recently as a consultant to the United Nations and other international organizations Evans has travelled the globe to meet with African warlords and the Dalai Lama heads of state and the leaders of rebel armies victims of torture and peasant farmers his single minded objective to challenge the forces of injustice violence and all things that separate people and nations from each other Yet what shines through in each story whether he s negotiating with rebel factions in the Sudan or meeting under threat of death and in the dead of night with the families of disappeared children in Sri Lanka is Evans unfaltering hope that people can find within themselves the wisdom to choose a different path that somehow we can learn to live in peace despite our differences Informing challenging and inspiring the stories images and hope contained in Dispatches from the Global Village will stay with the reader long after the book is set down
