## Introduction to CREST Bronze Award

CREST Bronze Awards engage and inspire a wide range of students, and introduce them to the language and methods of project work. The flexible framework can be adapted for students of different ages and abilities.

### Bronze projects:

- Involve a minimum of 10 hours of work on one project area
- Use scientific and/or technical knowledge appropriate to students aged 10 to 14
- Students share their project outcomes with their peers (e.g. displays, assemblies, posters)
- Have active support from an educator: guiding students but allowing them to make decisions for themselves, reviewing progress regularly and supporting planning to maintain the pace of progress

Look on the CREST Awards website for further information about project ideas, CREST accredited schemes and how to support your students.
