Spinsters Lesbians:

Spinsters and Lesbians Trisha Franzen, 1996-01-01 Americans have long held fast to a rigid definition of womanhood revolving around husband home and children Women who rebelled against this definition and carved out independent lives for themselves have often been rendered invisible in U S history In this unusual comparative study Trisha Franzen brings to light the remarkable lives of two generations of autonomous women Progressive Era spinsters and mid twentieth century lesbians While both groups of women followed similar paths to independence separating from their families pursuing education finding work and creating woman centered communities they faced different material and cultural challenge and came to claim very different identities Many of the turn of the century women were prominent during their time from internationally recognized classicist Edith Hamilton through two early Directors of the Women s Bureau Mary Anderson and Freida Miller Maturing during the time of a broad and powerful women s movement they were among that era s new women the often single women who were viewed as in the vanguard of women s struggle for equality In contrast never married women after World War II especially lesbians were considered beyond the pale of real womanhood Before the women s and gay lesbian liberation movements they had no positive contemporary images of alternative lives for women Highlighting the similarities and differences between women oriented women confronting changing gender and sexuality systems **Spinsters and Lesbians** thus traces a continuum among women who constructed lives outside institutionalized heterosexuality **Odd Women?** Emma Liggins, 2014-08-27 This genealogy of the odd woman compares representations of spinsters lesbians and widows in British women s fiction and auto biography from the 1850s to the 1930s Women outside heterosexual marriage in this period were seen as abnormal superfluous incomplete and threatening yet were also hailed as women of the future Before 1850 odd women were marginalised minor characters in British women s fiction yet by the 1930s spinsters lesbians and widows had become heroines This book examines how women writers including Charlotte Bront Elisabeth Gaskell Ella Hepworth Dixon May Sinclair E H Young Radclyffe Hall Winifred Holtby and Virginia Woolf challenged dominant perceptions of singleness and lesbianism in their novels stories and autobiographies Drawing on advice literature medical texts and feminist polemic it demonstrates how these narratives responded to contemporary political controversies around the vote women s work sexual inversion and birth control as well as examining the impact of the First World War **Odd Women?** Emma Liggins, 2014 *Encyclopedia of Lesbian and Gay Histories and Cultures* Bonnie Zimmerman, George Haggerty, 2021-06-13 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors It covers a long history and a dynamic and ever changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many aspects of life their histories and

cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a widerange of people Intended as a reference for students and scholars in all fields as well as for the general public the encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future

The Spinster and Her Enemies Sheila Jeffreys,1997-10-28 Sheila Jeffreys examines the activities of feminist campaigners around such issues as child abuse and prostitution and how these campaigns shaped social purity in the 1880s and 1890s She demonstrates how the thriving and militant feminism of late nineteenth and early twentieth centuries was undermined and asserts that the decline of this feminism was due largely to the promotion of a sexual ideology which was hostile to women s independence The circumstances about which she writes are frighteningly familiar in the present political climate

From Spinster to Career Woman Arlene Young,2019-05-30 The late Victorian period brought a radical change in cultural attitudes toward middle class women and work Anxiety over the growing disproportion between women and men in the population combined with an awakening desire among young women for personal and financial freedom led progressive thinkers to advocate for increased employment opportunities The major stumbling block was the persistent conviction that middle class women ladies could not work without relinquishing their social status Through media reports public lectures and fictional portrayals of working women *From Spinster to Career Woman* traces advocates efforts to alter cultural perceptions of women work class and the ideals of womanhood Focusing on the archetypal figures of the hospital nurse and the typewriter Arlene Young analyzes the strategies used to transform a job perceived as menial into a respected profession and to represent office work as progressive employment for educated women This book goes beyond a standard examination of historical social and political realities delving into the intense human elements of a cultural shift and the hopes and fears of young women seeking independence Providing new insights into the Victorian period *From Spinster to Career Woman* captures the voices of ordinary women caught up in the frustrations and excitements of a new era
