**Anne Sexton** Paula M. Salvio, 2012-02-01 Winner of the 2008 Critics Choice Award presented by the American Educational Studies Association A Pulitzer Prize winning poet who confessed the unrelenting anguish of addiction and depression Anne Sexton 1928 1974 was also a dedicated teacher In this book Paula M Salvio opens up Sexton s classroom uncovering a teacher who willfully demonstrated that the personal could also be plural Looking at how Sexton framed and used the personal in teaching and learning Salvio considers the extent to which our histories both personal and social exert their influence on teaching In doing so she situates the teaching life of Anne Sexton at the center of some of the key problems and questions in feminist teaching navigating the appropriate distance between teacher and student the relationship between writer and poetic subject and the relationship between emotional life and knowledge Examining Sexton s pedagogy with its weird abundance of tactics and strategies Salvio argues that Sexton s use of the autobiographical I is as much a literary identity as a literal identity one that can speak with great force to educators who recognize its vital role in the humanities classroom

Barber, 1914 **A Dictionary of Everyday English Metaphors** Han Rong Qin, 2025-09-10 This was published by the most prestigious university press in China Peking University Press in 2011 There have been many world famous English research masters in that university which gives us sound academic support in producing the book This book was written in English and Chinese The metaphors are explained in English and Chinese and the example sentences were mostly gleaned from the famous novel writers and playwrights renowned magazines newspapers government documents etc with Chinese translation The book was composed of 25 sections A B C D E F G H I J K L M N O P Q R S T U V W Y Z We tried to make the language of the book simple and succinct One of our web friends said the language of the book was ludicrously succinct Metaphors make our language rich and beautiful One word or phrase is applied to something or someone not literally just in comparison to something or someone to make the description more powerful For example evening of one s life cut off one s nose to spite one s face Many of our great writers through their works show they are language masters of using metaphors which make their works vivid and powerful As for the translators of languages they have to pay special attention to metaphors As a famous translator someone in 1920s translated the Milky Way Galaxy into Chinese literally as road full of milk which today is still a joke in Chinese translating circles Actually you find very few books about metaphors while people find these books are helpful We hope this book will give tremendous help to language learners translators and writers of novels and play writers and other English users
