Thats Jazz:

The Return of Jazz Andrew Wright Hurley, 2011-02 Jazz has had a peculiar and fascinating history in Germany The influential but controversial German writer broadcaster and record producer Joachim Ernst Berendt 1922 2000 author of the world s best selling jazz book labored to legitimize jazz in West Germany after its ideological renunciation during the Nazi era German musicians began in a highly productive way to question their all too eager adoption of American culture and how they sought to make valid artistic statements reflecting their identity as Europeans This book explores the significance of some of Berendt s most important writings and record productions Particular attention is given to the Jazz Meets the World encounters that he engineered with musicians from Japan Tunisia Brazil Indonesia and India This proto world music demonstrates how some West Germans went about creating a post nationalist identity after the Third Reich Berendt s powerful role as the West German Jazz Pope is explored as is the groundswell of criticism directed at him in the wake of 1968

The Collected Works of Langston Hughes Langston Hughes, Dolan Hubbard, 2001 The sixteen volumes are published with the goal that Hughes pursued throughout his lifetime making his books available to the people Each volume will include a biographical and literary chronology by Arnold Rampersad as well as an introduction by a Hughes scholar lume introductions will provide contextual and historical information on the particular work Ain't But a Few of Us Willard Jenkins, 2022-10-28 Despite the fact that most of jazz s major innovators and performers have been African American the overwhelming majority of jazz journalists critics and authors have been and continue to be white men No major mainstream jazz publication has ever had a black editor or publisher Ain t But a Few of Us presents over two dozen candid dialogues with black jazz critics and journalists ranging from Greg Tate Farah Jasmine Griffin and Robin D G Kelley to Tammy Kernodle Ron Welburn and John Murph They discuss the obstacles to access for black jazz journalists outline how they contend with the world of jazz writing dominated by white men and point out that these racial disparities are not confined to jazz but hamper their efforts at writing about other music genres as well Ain t But a Few of Us also includes an anthology section which reprints classic essays and articles from black writers and musicians such as LeRoi Jones Archie Shepp A B Spellman and Herbie Nichols Contributors Eric Arnold Bridget Arnwine Angelika Beener Playthell Benjamin Herb Boyd Bill Brower Jo Ann Cheatham Karen Chilton Janine Coveney Marc Crawford Stanley Crouch Anthony Dean Harris Jordannah Elizabeth Lofton Emenari III Bill Francis Barbara Gardner Farah Jasmine Griffin Jim Harrison Eugene Holley Jr Haybert Houston Robin James Willard Jenkins Martin Johnson LeRoi Jones Robin D G Kelley Tammy Kernodle Steve Monroe Rahsaan Clark Morris John Murph Herbie Nichols Don Palmer Bill Quinn Guthrie P Ramsey Jr Ron Scott Gene Seymour Archie Shepp Wayne Shorter A B Spellman Rex Stewart Greg Tate Billy Taylor Greg Thomas Robin Washington Ron Welburn Hollie West K Leander Williams Ron Wynn Brilliant Corners Chris Sheridan, 2001-04-30 In this masterful compilation world recognized discographer Chris Sheridan draws together the most comprehensive reconstruction of Thelonious Monk s performances and recordings

Woven through the chronological listing of Monk's work is the story of his rise to acceptance as one of the key pianists and composers of jazz and his decline in health and popularity to his death in 1982. Following a Prologue which attempts to summarize the career and man, the narrative discography covers Monk's entire performance career. This is followed by appendixes listing all microgroove and post microgroove issues of Monk's performances, all known commercially produced films and videos in which Monk took part, a listing of all of his engagements from 1944 until his career petered out in the mid 1970s, and a bibliography. The work concludes with an index of the people, places, producers, and radio and television programs referred to or quoted in the main text, a listing of all musicians, vocalists, and broadcast presenters who took part in the recordings or who played in Monk's bands, an index of all the titles used for Monk's tunes by other musicians and vocalists, and a listing of all tunes played together with their composers and where relevant, lyricists. A comprehensive reference work for all scholars and other researchers involved with jazz from the 1940s onward. **The Libretto**, 1928

Catalog of Copyright Entries Library of Congress. Copyright Office, 1920 **Art's Teachings, Teaching's Art** Tyson Lewis, Megan Laverty, 2015-08-28. This volume examines the interface between the teachings of art and the art of teaching and asserts the centrality of aesthetics for rethinking education. Many of the essays in this collection claim a direct connection between critical thinking, democratic dissensus, and anti-racist pedagogy with aesthetic experiences. They argue that aesthetics should be reconceptualized less as mere art appreciation or the cultivation of aesthetic judgment of taste and more with the affective disruptions, phenomenological experiences, and the democratic politics of learning, thinking, and teaching. The first set of essays in the volume examines the unique pedagogies of the various arts, including literature, poetry, film, and music. The second set addresses questions concerning the art of pedagogy and the relationship between aesthetic experience and teaching and learning. Demonstrating the flexibility and diversity of aesthetic expressions and experiences in education, the book deals with issues such as the connections between racism and affect, curatorship, and teaching aesthetic experience and the common and studying and poetics. The book explores these topics through a variety of theoretical and philosophical lenses, including contemporary post-structuralism, psychoanalysis, phenomenology, critical theory, and pragmatism.
