The Dealmakers of Downstate Illinois Robert E Hartley,2016-04-18 The Dealmakers of Downstate Illinois details the lives and contributions of three influential southern Illinois politicians of the 1970s describing how these dealmakers brought jobs and facilities to their region and maintained downstate political strength in the face of growing Chicago influence **Mark Warner the Dealmaker** Will Payne,2015-08-31 When Mark Warner left office in 2006 with an 80 percent approval rating TIME magazine called him one of America s Five Best Governors Virginia was ranked the best managed state in the nation the best state for business and the best state for educational opportunity When Warner began his term in 2002 the commonwealth was in the midst of its worst fiscal crisis in forty years and partisan bickering had brought political discourse in Richmond to a standstill An entrepreneur from a young age Warner became the world s first cellular industry broker and later co founded Nextel The conservative Democrat came in with a plan to turn Virginia around and restore the public s trust in state government winning the support of battle hardened Republican legislators This is the story of how Mark Warner entered the governor s office a hands on dealmaker and emerged a statesman **Handbook of Social Capital and Regional Development** Hans Westlund,Johan P. Larsson,2016-12-30 The role of social capital in regional development is a multifaceted topic which is studied all over the world using various methods and across numerous disciplines It has long been evident that social capital is important for regional development however it is less clear how this works in practice Do all types of social capital have the same effects and are different kinds of regions impacted in the same way This book is the first to offer an overview of this rapidly expanding field of research and to thoroughly analyse the complex issue of social capital and regional development **The Fugitive Identity of Mediation** Debbie De Girolamo,2013-07-18 Despite much having been written about what mediation is direct observations of commercial mediations are limited This book grants an opportunity to observe mediation in action and also provides external commentary about the actions observed The book approaches Mediation ethnographically as a social process that is informed by structures rules and norms that colour the environment within which it operates Through the ethnographic method a process leading to negotiated order is examined baring its elements identifying its influences and studying the movement to order The result is the reconceptualization of mediation The mediator is invited into the negotiation as third party intervener He creates the process of mediation defining the process by his actions which ultimately merges mediator with process This book provides a window to the lived experience of participants to mediation it explores their understandings of and interactions within a process they have experienced together and demonstrates how mediation is a process inextricably linked to negotiation The Fugitive Identity of Mediation will be of interest to scholars mediators parties who participate in the process and to those active in public policy discourse **Management Buy-outs** Bryan De Caires,1988 **Five Frogs on a Log** Mark L.
