The Derelict

Thomas Arkle Clark

The Derelict:

The Derelict William Hope Hodgson, 2023-11-17 In *The Derelict* William Hope Hodgson masterfully weaves a tale steeped in psychological horror and cosmic dread encapsulating the essence of early 20th century weird fiction Set against the backdrop of a ghostly ship adrift in the vastness of the ocean the narrative intricately explores themes of isolation existential dread and the incomprehensible nature of the universe Hodgson s poetic vivid prose invites readers to confront the remnants of lost humanity deftly intertwining descriptive language with a stark portrayal of the maritime landscape which serves as both setting and character within the story William Hope Hodgson a British author known for his contributions to speculative fiction was deeply influenced by his experiences at sea and his fascination with the unknown Drawing from his own maritime adventures and a preoccupation with the mysteries lurking beyond human comprehension Hodgson s works often reflect his belief in the insignificance of humanity in the face of the vast cosmos This perspective anchors the haunting atmosphere of *The Derelict* showcasing Hodgson s unique ability to blend psychological depth with supernatural horror For those who appreciate the convergence of horror and philosophical inquiry *The Derelict* is a compelling read that beckons with its eerie narrative and haunting prose It invites readers to ponder the deeper existential questions while immersed in a chilling tale that resonates with the echoes of isolation and dread Hodgson s work remains essential for aficionados of early horror literature offering a timeless exploration of humanity s place in the universe

Discipline and the Derelict Thomas Arkle Clark, 1922 *The Derelict* Neil Williams, 2021-04-22 *The Derelict* is really a story of two derelicts the events on the first and their part in the creation of the second With this story I ve pretty much nailed my colours to the mast so to speak As the tale is intended as a tribute to stories by the likes of William Hope Hodgson or H P Lovecraft with a passing nod to Coleridge s *Ancient Mariner* where some terrible event is related in an unearthed journal or as is the case here by a narrator driven to near madness The primary influence on the story was the voyage of the *Demeter* from Bram Stoker s *Dracula* one of the more compelling episodes of that novel Here the crew are irrevocably doomed from the moment they set sail There is never any hope of escape or salvation once the nature of their cargo becomes apparent This was to be my jumping off point with *The Derelict* Though I have charted a very different course from the one taken by Stoker I have tried to remain resolutely true to the spirit of that genre of fiction and the time in which it was set Neil Williams [The Derelict](#) Anthony L. Williams, 2000-12-01 *The Derelict* is a space saga centering on a stellar skirmish and a meeting with an unseen menace known to be heading for the Milky Way Galaxy United States Naval Battle Group One intercepts this strange contact miles beyond the galaxy and finds an immense creeping derelict spaceship billions of years old It is not until they board this dangerous burned out hulk that they discover they are trapped there by murderous diabolical forces *"Cape Times" Law Reports* Cape of Good Hope (South Africa).
