**John George Haigh, the Acid-Bath Murderer** Jonathan Oates,2014 What motivated John George Haigh to murder at least six people then dissolve their corpses in concentrated sulfuric acid How did this intelligent well educated man from a loving strongly religious family of Plymouth Brethren become a fraudster a thief then a serial killer In the latest of his best selling studies of criminal history Jonathan Oates reinvestigates this sensational case of the late 1940s He delves into Haigh s Yorkshire background his reputation as a loner a bully and a forger during his years at Wakefield Grammar School and his growing appetite for the good life which his modest employment in insurance and advertising could not sustain Then came his move to London and a rapid apparently remorseless descent into the depths of crime from deceit and theft to cold blooded killing As he follows the course of Haigh s crimes in graphic forensic detail Jonathan Oates gives a fascinating inside view of Haigh s attempt to carry through a series of perfect murders For Haigh intended not only cut off his victims lives but by destroying their bodies with acid literally to remove all traces that they had ever existed [The Acid Bath Murderer](#) Jack Rosewood,2016-11-07 One of the more unique British serial killers John George Haigh killed simply because he wanted more He had an exaggerated sense of entitlement and would seek out victims who could support his lavish lifestyle What is most abhorrent in this true crime murder story is not that he killed six people but rather what he did with them after they were dead Newspapers and tabloids would shout out headlines of John being a vampire a man with a blood lust who drank the blood of those he killed But was he really a vampire Or was John just a very clever man The undoing of John Haigh came about when a missing person case quickly progressed to a homicide investigation The police officers involved stumbled across a scene so horrific it would stay in their minds forever You see John had learned an interesting skill while incarcerated for fraud how to dissolve a body in sulfuric acid Of all the true crime serial killers John was different because he didn t kill out of some need to hurt people He murdered to gain access to his victims bank accounts A man from a deeply religious home John grew up to want more money the flash cars and the fancy clothing When he started to run out of money he sought out his next victim to bankroll his lifestyle A cold hearted ruthless man with no thought or care for others does John s motive make classify him as one of the worst serial killers of all time Read about the Acid Bath Murderer and decide for yourself
