The Brakhage Lectures:

The Brakhage Lectures: Georges Méliès, David Wark Griffith, Carl Theodore Dreyer, Sergei Eisenstein Stan Brakhage,1972 Lectures given at the School of the Art Institute of Chicago during the fall and early winter of 1970-71

The Brakhage lectures Stan Brakhage,2010-01-13 Je vais vous mentir comme le font les camelots Je vais vous raconter une histoire dans le but de dévoiler la vérité Mon histoire est bien évidemment basée sur des faits Cependant il est vrai qu'un fait touchant un monde inconnu ne peut être que fabriqué Je vais par conséquent produire une fiction en fait

The Brakhage Lectures Stan Brakhage,1972 *Hollis Frampton* Michael Zryd,2023-05-09 Hollis Frampton was an American filmmaker, photographer and theorist who bridged the experimental film and contemporary art worlds in the 1960s and 1970s. Best known for avant-garde films including *Zorns Lemma* (1970) and *Nostalgia* (1971), Frampton spent his later years working on the unfinished epic *Magellan*, a monumental cycle that used the metaphor of Ferdinand Magellan's circumnavigation of the world to rethink the nature and meanings of history, modernity and cinema. Frampton's career was cut short by cancer at age 48, with his vast ambitions for the project left incomplete. This book is a groundbreaking and comprehensive account of this remarkable figure's work in its totality, from Frampton's earliest films through *Magellan*. Michael Zryd explores the connections linking Frampton's art and thought to other media forms, histories and cultural frameworks. He foregrounds Frampton's notion of the infinite cinema, which redefined the parameters of the medium to encompass all forms of moving image and sound media across the past and future of cinematic possibility. Zryd analyzes Frampton's ambivalent relationship with modernism and the Enlightenment, showing how the artist navigated between attraction to radical artistic investigation and awareness of this tradition's implication in colonialism and other oppressive power structures. Shedding new light on Frampton's project of exploring and critiquing how cinema attempts to capture and understand the world, this book also considers his significance for contemporary art.

Finding Our Place Nikki McCaslin,2010-01-18 This unique one-volume reference guide provides positive and empowering biographical sketches of 100 famous and well-known adoptees throughout time, serving to counter the many negative stereotypes that exist about people who were adopted, fostered or lived in orphanages. This work looks at the lives of people who, despite circumstances in their childhood, were able to succeed in making important contributions to art, music, science, literature, politics and entrepreneurship. This work answers the call to obtain difficult-to-find information about well-known adoptees. High school students and general readers who are interested in learning more about positive role models in adoption and children's issues will find this book invaluable. McCaslin outlines the parameters she used for inclusion in the book and then discusses the history of adoption from ancient civilization to today's society. Each entry focuses on the early life of the subject as well as his or her career and achievements. Entries include Aristotle, Edward Albee, Ingrid Bergman, Oksana Baiul, Ella Fitzgerald, Faith Hill, Marilyn Monroe, Dave Thomas, Orson Welles and many more.
