**The State of the State** Louis A. Picard, 2005 The State of the State breaks new ground by exploring political and socio economic issues about the nature of the South African state from the 1990s through the early 21st century Picard argues that the structural legacies of the apartheid state embedded in governmental planning bureaucratic and educational systems have a continuing impact on the new democratic government in South Africa The author argues that political and bureaucratic institutions are both important and limiting This book will appeal to a wide readership ranging from students of history politics and policy at undergraduate and postgraduate level to professionals studying public administration and management It should also appeal to practitioners in the field and to people interested more broadly in the history of the state in South Africa and the nature of the transition which took place in the 1990s
