## **The Broker:**

The Broker John Grisham,2006-09-26 1 NEW YORK TIMES BESTSELLER In his final hours in the Oval Office the outgoing President grants a controversial last minute pardon to Joel Backman a notorious Washington power broker who has spent the last six years hidden away in a federal prison What no one knows is that the President issues the pardon only after receiving enormous pressure from the CIA It seems Backman in his power broker heyday may have obtained secrets that compromise the world s most sophisticated satellite surveillance system Backman is quietly smuggled out of the country in a military cargo plane given a new name a new identity and a new home in Italy Eventually after he has settled into his new life the CIA will leak his whereabouts to the Israelis the Russians the Chinese and the Saudis Then the CIA will do what it does best sit back and watch The question is not whether Backman will survive there is no chance of that The question the CIA needs answered is who will kill him *The Broker's Bible* Nancy Gardner,2011-03-10 Real estate has long been a relationship business basically a baby boomer model and due to significant changes in the consumer the industry will no longer be able to thrive and prosper on this basis alone The consumer is mistrustful and skeptical and the relationship will not stand alone as a way to secure business going forward it will be based on a combination of relationships and verifiable skills with the emphasis on skills Compound this with the worst downturn since the great depression a seemingly jobless recovery and tight lending standards we are the midst of great challenges for the future of our businesses In all of this there is great opportunity for real estate companies The opportunity exists for companies to move away from an agent centered universe to a consumer centered one and to be of service to the consumer in ways the consumer wants and needs and is willing to pay for Bottom line we have to get better at what we do It is all here the way back to profit Roll up your sleeves be willing to relearn things you thought you already knew change real estate service delivery as you know it and prosper
