sound like science fiction or conspiracy theory but becomes a fascinating story difficult to dispute or deny as it finally makes sense of what is happening The story presented here is largely based on information revealed by increasing numbers of courageous whistle blowers from within the military intelligence communities and researchers who are speaking truths long kept secret from the public It becomes clear that humanity has actually been controlled for thousands of years in insidious ways most people are unaware of And that there is a battle currently being waged for humanity s liberation from this control Triumph of the Light may lead you to question your beliefs your conditioning and what you ve believed to be true about the world and humanity s history Although disturbing in many ways what s offered here is also exciting and uplifting as the author gives great hope for our future It becomes clear that even with all that is now occurring humanity is actually on the verge of an incredible leap in consciousness into a state of much greater freedom harmony justice and spiritual awakening
