attention in our own divided time Bush pursued a life of service to America through his heroic combat experience in the Pacific during World War II his political rise in Texas his serving as U S ambassador to the UN his time as envoy to China and as director of the CIA his tenure as Ronald Reagan s vice president and his election as the forty first president of the United States Set against the background of America during the twentieth and twenty first centuries this book commemorates the legacy of a man who was far from perfect he could be cutthroat on the campaign trail but whose ambition was not an end unto itself Bush s drive to succeed was rather a means to put the values of balance patriotism and respect for others into action in the political arena Toward the end of Bush s life the forty fourth president Barack Obama said that Bush put the country first both before he was president while he was president and ever since Featuring more than 450 photographs Meacham s introduction and commentary throughout and narration drawn from his biography of George H W Bush *Destiny and Power* this is an essential tribute to a uniquely American life
