**The Osho Transformation Tarot** Osho,1999-12-17 Throughout the centuries the mystics and sages have used parables as a way to help us more easily remember and reflect on the deepest secrets in life Osho is a master storyteller of our times who has an uncommon knack for bringing the timeless wisdom of ancient parables right into the 21st century in a way that gives us immediate and practical insight into the realities of contemporary life The emphasis of the deck is not on prophecy or divination rather it directs us to the hidden potential of transformation and renewal in every aspect of our daily lives if we only know where to look for it Choose a card for the day and read the accompanying story as a theme for contemplation Or use as simple spread to explore the dynamics of a relationship or to gain insight into a specific question 60 beautiful cards illustrating parables and teaching stories form the world s great wisdom traditions including Zen Buddhism Sufism Tantra Tao Christian and Jewish mysticism A book containing the parables summary meanings for each card the instructions for a variety of simple card readings to gain insight into the challenges and opportunities of everyday life Sermons and essays on the apostolical age ... Gates,John Ross MacDuff,1874 *The Haram of Jerusalem, 324-1099* Andreas Kaplony,2002 From the Muslims to the Crusaders conquest Jerusalem is among the world s best known cities Its most outstanding and constant feature is its shared holiness by three major confessions Muslim Jewish and Christian Covering the Marwanid the Abbasid and the Faimid phase this study describes not only the emergence of conceptions with which the three major confessions share this city but also their interactions as well as the political circumstances and religious axioms which give each conception its specific shape Looking for these conceptions of the holy area of the city the Haram has been chosen This area of the former temple was highly significant to all three confessions The analysis is based on a careful description of the Haram focusing on topics like names and traditions architecture rituals and customs visions and dreams and on the establishment of as many parallels as possible The result is a volume of astonishing depth and comprehensiveness As a compendium of sources it is unrivalled *Journal of Palestine Studies* The excellent graphics added to each section culminating in 103 figures deserve special mention Also impressive is Kaplony s generous handling of space it seems that he was aiming for the display of all the texts available to him taking into account Kaplony s treatment of the subject one is tempted to compare it with that of the precision and care of Swiss watchmakers Unless new sources come to light which is not very likely this book will be the standard work for many years to come *Jerusalem Studies in Arabic and Islam* This book is an excellent contribution to the growing literature on Islamic Jerusalem and it will indubitably be of interest to scholars and students of medieval Islamic history *International Journal of Middle East Studies* **The See of Peter** James T.
