RICHARD,2015-01-15 Justin Imperiale is running his Kingdoms He has also found a way to create interstellar Gates that allow a person to walk from planet to planet Suddenly an enormous sea creature is sighted off of his Kingdom of The Islands Justin has to figure a way to deal with the beast Justin then figures a way to take revenge on those who dumped the sea beast in Corin His Kingdom of Mesodania is attacked by revolutionaries led by one who calls himself the True Prophet Justin finds a way to fight back with model airplanes He then discovers that the Mesodanian revolutionaries were armed by the North Continent nation of Pors Justin then figures a way to take revenge on those who armed the revolutionaries Justin is then confronted by a young lady with paranormal powers The incident leads him to realize that Arvion is still after him and leads to the discovery of spies The nation of Ruthenia provides most of the natural gas used to heat homes and generate electricity in the Old World North Continent nations Suddenly Ruthenia wants to double the price of their natural gas Justin figures a way to provide replacement natural gas for his North Continent Kingdoms However if he can figure out how to supply the other North Continent nations he can probably acquire several more North Continent Kingdoms in return for solving the problem Justin does find a source for natural gas but lacks a way to get to the source However he thinks back to something that Arvion his enemy does and just maybe Justin can figure out how to do the same thing Any solution will involve

the understanding of higher dimensional spaces above the three physical spaces in which the people of Corin live Along the way Justin figures out how to set up a perfect prison His solution is cheap and escape proof However he then has to deal with pipeline bandits One night Justin is again visited by a ghost or at least a creature who lives in higher dimensional space The ghost reviews some of what Justin has done and tells Justin that some of the powerful beings who live in higher dimensional space are not too happy with him

The gates of chance William G. Sutphen,1908 *The Gates of Chance* Van Tassel Sutphen,2017-06-06 That s the penalty of having been born a rich man s son and educated chiefly in the arts of riding off at polo and thrashing a single sticker to windward in a Cape Cod squall But I sha n t say a word against the governor God bless him He gave me what I thought I wanted and it wasn t his fault that an insignificant blood clot should beat him out on that day of days the corner in R P It was never the Chicago crowd that could have downed him I m glad to remember that Well there being only the two of us it didn t matter so much it wasn t as though there were a lot of helpless womenfolk to consider After the funeral and the settlement with the creditors there was left I m ashamed to say how little and anyway it s no one s business the debts were paid What is a man to do at thirty odd who has never turned his hand to anything of use The governor s friends Well they didn t know how bad things were and I couldn t go to them with the truth and make them a present of my helpless incompetent self And so for the last two years I ve been sticking it out in a hall bedroom just west of the dead line I have a life membership in the club what a Christmas present that has turned out to be and twice in the week I dine there As for the rest of it never mind there are things which a man can do but of which he doesn t care to speak The future Ah you can answer that question quite as well as I Now I had calculated that at my present rate of expenditure I could hold out until Easter but there have been contingencies To illustrate I had my pocket picked yesterday morning Amusing isn t it that it should have been my pocket my pocket
