## **The Ghost Trio:**

*The Ghost Trio* Clyde Derrick, 2022-10 A story set in Prague that crosses the lines between the living and the dead The great love of your life is dead but that doesn't stop him from communicating with you or luring you to join him in the afterlife To remain safe in this world you accept the help of a professional medium who develops his own emotional agenda The Ghost Trio that emerges takes us to pre and post World War II Prague where a poignant and chilling love triangle finds its resolution There we meet great Czech creators of the past including Leos Jan cek and Karel Capek Inspired by the ghost stories of Henry James and Daphne du Maurier Clyde Derrick introduces three characters whose passions defy time and the accepted boundaries between the dead and the living The author who has lived in and visited purportedly haunted sites in advance of writing this novella contends that this story and its characters found him Meanwhile his portrayal of two Pragues one poised to fall to Hitler's army the other muted by Communist oppression offers us insights into the past and reminds us to stay vigilant against dangerous politics The Ghost Trio is a spiritual excursion in which we ponder the limitations and hazards of romantic love as well as the possibility of other lives in other times The Ghost Trio is the winner of the 2020 Omnidawn Fabulist Fiction Chapbook Novelette Contest chosen by Molly Gloss [The Grove Companion to Samuel Beckett](#) C. and explicit ways Several of his works incorporate canonical music by composers such as Schubert and Beethoven Other works integrate music as a compositional element in dialogue or tension with text and image while others adopt rhythm repetition and pause to the extent that the texts themselves appear to be scored But what precisely does it mean to say that a piece of prose or writing for theatre radio or screen is musical The essays included in this book explore a number of ways in which Beckett s writings engage with and are engaged by musicality discussing familiar and less familiar works by Beckett in detail Ranging from the scholarly to the personal in their respective modes of response and informed by approaches from performance and musicology literary studies philosophy musical composition and creative practice these essays provide a critical examination of the ways we might comprehend musicality as a definitive and often overlooked attribute throughout Beckett s work
