The Gift Of Time:

The Gift of Time Julie McLaughlin, 2022-08-30 Do we have any skeletons in our closet That was the question posed to the author's mother in law by a niece after receiving a private message through Facebook from a stranger who said I think you are my cousin This led to a shocking phone call on a normal June day which altered the life of the author For forty years Julie had kept a secret from most of the people in her life A Catholic girl from a good family in the late 1970s she had become pregnant in her late teens but was not ready to be a mom With guidance from her parish priest Julie went away to live in a home for other unwed pregnant girls and made the difficult decision to give her baby up for adoption Not for forty years did she know a thing about him what his name was what he looked like where he lived or what he did for a living Until that June day in 2018 when he was revealed to be that baby now a forty year old man Yet she always had faith that her decision was the right one as she placed her son in God's hands Over the course of two years this birth mother and biological son get to know each other and enter into each other's lives There are interesting twists and turns Had their paths ever crossed This very personal and honest memoir dives into the heartache loss and guilt suffered by the author You will laugh and you might cry Some who have experienced the real story compare it to a beautiful Hallmark movie In the end the hole in the author's heart is filled It is the author's hope that this adoption story can bring peace to others who have endured a similar fate

THE GIFT OF TIME Paul Stuart, 2018-11-09 The central theme of the stories is the importance of time It's nature's gift to all of us and we are all subject to its passing from the moment we draw our first breath and yet we have no control over the speed of its passing We can however learn to use it to our own advantage It's what successful people do and others don't Do you use time wisely Can you make time stand still Do you have the gift

The Gift of Time Robin Crow, 2019-07-10 Time is such a paradox either going too fast or too slow We lament how life rushes by too fast as we watch our children grow up much too quickly We find the years uncomfortably accelerating and leaving some of our goals and dreams a distant blur in the rearview mirror of our lives Diametrically time can also creep far too slow as we wait for the focus of our most desperate prayers and deepest desires to manifest Why does time seem to be my constant enemy Offensively it sneaks up behind me when I am unprepared Defensively it is always out of my reach slipping over the distant horizon out of my view How I long to conquer and control this enemy I yearn to be able to speed time up to reach my goals and slow it down every time I look in the mirror Then there are those moments when I would love to hit a pause button Those times that are so perfect the only thing corrupting the moment is the haunting awareness that it will not last long enough Why has time become the nemesis of our existence Time is a gift from a timeless God The one who has no beginning and no end decided for some reason that we needed this measuring stick of days years and lifetimes How can we deal with the busyness and unrelenting demands on our time How can we embrace quality time instead of constantly cramming and multitasking every moment How can we make
