The Global Age:

The Global Age Martin Albrow, 2013-06-28 Many authors who discuss the idea of globalization see it as continuing pre established paths of development of modern societies Post modernist writers by contrast have lost sight of the importance of historical narrative altogether Martin Albrow argues that neither group is able to recognize the new era which stares us in the face A history of the present needs an explicit epochal theory to understand the transition to the Global Age When globality displaces modernity there is a general decentering of state government economy culture and community Albrow calls for a recasting of the theory of such institutions and the relations between them He finds an open potential for society to recover its abiding significance in the face of the declining nation state At the same time a new kind of citizenship is emerging This important book will provoke both radicals and conservatives Its scholarship ranges widely across the social sciences and humanities It is bound to promote wide cross disciplinary debate *Social Theory and Regional Studies in the Global Age* Saïd Amir Arjomand, 2014-05-21 A pioneering approach to social theory that rectifies overreliance on Western historical experience of development and modernization In this pioneering volume leading international scholars argue for the development of a new approach to social theory that draws on regional studies for the conduct of comparative analysis in the global age *Social Theory and Regional Studies in the Global Age* moves beyond facile generalizations based on the historical experience of modernization in the West by highlighting differences rather than similarities and contrasts rather than commonalities and by examining civilizational processes and culturally specific developmental patterns distinctive of different world regions Essays combine comparative and historical sociology with civilizational analysis and the study of multiple and alternative modernities Different patterns of modernization are compared within the framework of global local compressed communication and interaction that results from globalization The introductory chapter puts the present effort in the context of the seminal work of three generations of comparative sociologists and what follows is a penetrating analysis of modernization and globality opening the way for rectifying the erasure of the historical experience of a very sizeable portion of humankind from the foundation of social theory *A Cultural History of the Sea in the Global Age* Franziska Torma, 2023-02-09 In 1972 an image became an icon Blue Marble a photograph of the Earth as seen from outer space The picture features prominently the globe's water covered surface The ocean connects nature and culture in the modern world Within the time span of 100 years the sea changed its cultural meaning from a dangerous place to an endangered environment This volume traces diverse processes of oceanic transformation in the Anthropocene it follows scientists seafarers diplomats and filmmakers from ship decks to the arenas of political decision making on land The essays lead from underwater dumping grounds to islands in the south pacific Tiny organisms like plankton and charismatic megafauna like whales accompanied the human voyages The presence of the animals challenges common notions of human culture The global age has to take non human agents into account to fully understand the cultural history of the seas **Sport and**

Society in the Global Age Timothy Marjoribanks, Karen Farquharson, 2017-09-16 Are sports influenced by their social context Can sport influence the social world And how is sport changing in our increasingly globalized society This thought provoking text explores these questions and introduces key debates in the sociology of sport Uncovering the power dynamics within sport and bringing this everyday topic under a sociological lens the book Explores hot topics and contemporary controversies such as e gaming fan violence and sex testing Examines the central role of technology and the media in how sport is consumed represented and played Discusses a wide range of thinkers from Gramsci to Castells Reflects on developments in sport at local global and national levels With clearly explained theory and vibrant case examples this text shows how we engage with sport in social political cultural and economic terms It is an indispensable text for students across the social sciences studying sports

The Global Age James Alexander, F. G. Murphy, 1970 *Chinese Education Models in a Global Age* Chung Prudence Chou, Jonathan Spangler, 2016-04-06 China's rise and an increasing emphasis on international education benchmarking and a global recognition of East Asian countries success in this regard have brought the issue of Chinese education to the forefront of public consciousness In particular the concept of a Chinese education model is one that has sparked debate and quickly become a major focus of education research around the world especially in light of regional achievements vis vis university rankings bibliometric indices the Programme for International Student Assessment PISA Trends in International Mathematics and Science Study TIMSS and other such benchmarks Chinese Education Models in a Global Age tackles this controversial issue head on by synthesizing a diversity of analyses from a world class team of twenty seven authors It reveals that Chinese education models which are present in many different geographic and institutional contexts have an important influence on social and institutional norms as well as individual belief systems and behaviors in China and beyond The first of its kind this edited volume establishes a foundation for future research while providing a nuanced and tightly integrated compilation of differing perspectives on the role and impact of Chinese education models worldwide It is essential reading for all scholars policymakers students parents and educators interested in the rising demographic and economic influence of people of Chinese descent on education around the world

The Global Age, 2012-02-29 **The Global Age** Ian Kershaw, 2019-04-30 The final chapter in the Penguin History of Europe series from the acclaimed scholar and author of *To Hell and Back* After the overwhelming horrors of the first half of the twentieth century described by Ian Kershaw in his previous book as being to Hell and back the years from 1950 to 2017 brought peace and relative prosperity to most of Europe Enormous economic improvements transformed the continent The catastrophic era of the world wars receded into an ever

more distant past though its long shadow continued to shape mentalities Yet Europe was now a divided continent living under the nuclear threat in a period intermittently fraught with anxiety There were by most definitions striking successes the Soviet bloc melted away dictatorships vanished and Germany was successfully reunited But accelerating globalization brought new fragilities The interlocking crises after 2008 were the clearest warnings to Europeans that there was no guarantee of peace and stability and even today the continent threatens further fracturing In this remarkable book Ian Kershaw has created a grand panorama of the world we live in and where it came from Drawing on examples from all across Europe *The Global Age* is an endlessly fascinating portrait of the recent past and present and a cautious look into our future

Review about Gregg Bradens "Fractal Time". A Clue to Human History Felix Ale,2015-02-09 Literature Review from the year 2014 in the subject American Studies Literature grade A Atlantic International University course PhD JOURNALISM language English abstract The book *Fractal Time The Secret of 2012 and the New World Age* by Gregg Braden explores the discoveries of time as the means of communication from the past In addition the book proposes that time defines the map to an individual s future and provides a picture of the world to come The Mayans identify December 21 2012 as the end of the world age particularly to be attributed to the Winter solace The cycle is predicted to have started in the 5th world age that is approximately 3114 B C This defines 1800 years prior the time of the exodus of Moses which is around 5125 years ago Parallel to the world age the traditions of the Indians were passing on through oral traditions thus they may have lost their accuracy along the transmission Therefore the oral communications are dated back before the literature *Cultural Anthropology* Kenneth J. Guest,2013-11-20 Covering the essential concepts that drive cultural anthropology today Ken Guest s *Cultural Anthropology A Toolkit for a Global Age* shows students that now more than ever global forces affect local culture and that the tools of cultural anthropology are essential to living in a global society A toolkit approach encourages students to pay attention to big questions raised by anthropologists offers study tools to remind readers what concepts are important and shows them why it all matters in the real world The International Criminal Court and problems of state sovereignty Oliver Holmes,2009-12-02 Scientific Essay from the year 2008 in the subject Law Criminal process Criminology Law Enforcement grade 2 1 University of Leeds course Political Science language English abstract It is the argument of this dissertation that the International Criminal Court is an appropriate tool for the enforcement of international criminal law and embodies a shifting notion of state sovereignty Historically both multilateral and unilateral attempts to enforce international criminal law have been progressive but not wholly successful The International Criminal Court is rooted in customary law and addresses the failures of past attempts The Court s opposition has illustrated problems of state sovereignty which in turn exemplifies how the International Criminal Court embodies a shifting notion of state sovereignty The sources used are the existing academic literature interviews international statute magazines and newspaper articles **The Global Art World** Hans Belting,Emanoel Araújo,2009 This is the second publication from the ongoing research series *Global Art and the*

Museum GAM which was initiated in 2001 by German art historian Hans Belting and artist writer and curator Peter Weibel at the ZKM Center for Art and Media in Karlsruhe Germany The last 20 years have seen a rapid globalization of the art world resulting in geographic decentralization and a shift away from a primarily Western perspective GAM s aim is to analyze the effect of these changes on the art market museums and art criticism This volume comprises a collection of essays by experts such as Claude Ardouin Keeper of the African Section of London s British Museum Koeki Claessens Director of Central Africa s Royal Museum and Eugene Tan Director of the Institute of Contemporary Arts Singapore who presented at the 2007 conference Social Studies and the World Merry M. Merryfield,Angene Hopkins Wilson,2005 *The American Liberal Tradition Reconsidered* Mark Hulliung,2010 Eight prominent scholars consider whether Louis Hartz s interpretation of liberalism in his classic 1955 book should be repudiated or updated and whether a study of America as a liberal society is still a rewarding undertaking **Signal** ,1993 Railway Age ,1950 **Place Matters** Peter Dreier,John H. Mollenkopf,Todd Swanstrom,2001 The central thesis of Place Matters is that economic segregation between rich and poor and the growing sprawl of American cities and suburbs are not solely the result of individual choices in free markets Rather these problems have been powerfully shaped by short sighted government policies **Modern Welfare States** Eric S. Einhorn,John Logue,2003-07-30 Einhorn and Logue analyze the political economic and social challenges facing five small affluent and advanced industrial democracies in Scandinavia Denmark Finland Iceland Norway and Sweden Updated and expanded from its successful predecessor this edition emphasizes how global and European developments have affected democratic policymaking in areas such as Social welfare policy Employment policy Labor relations Economic policy Social change A comprehensive yet accessible survey of political history governmental institutions policymaking political parties interest groups political culture and foreign relations is also included The comparative and interdisciplinary focus makes this a stimulating source of ideas for anyone interested in democracy and social justice in the global era **Your Compass for a New World** LIE,BRYM,2004-05 Each chapter of this student study tool includes learning objectives detailed chapter outlines key terms study activities InfoTrac and Internet exercises and practice tests consisting of approximately 20 multiple choice and 10 true false questions with answers and page references as well as 5 short answer and 5 essay questions
