Congress. House. Committee on Foreign Affairs. Subcommittee on International Security, International Organizations, and Human Rights, 1993 *Strategic Terror* Beau Grosscup, 2008-02-29 Presenting a global history of aerial bombardment this book shows how certain European powers initiated aerial bombardment of civilians after World War I and how it was an instrument of choice in World War II Beau Grosscup shows that such methods used initially as a means of terrorizing native populations in Africa and the Middle East have become the primary form of terrorism in more recent decades While such strategic terror is not classed as terrorism in the West this reflects an unwillingness to confront the human costs and immorality of aerial bombardment Grosscup argues that if terrorism is to be diminished the role of aerial bombing in sustaining global violence must be recognized The Mind of the Political Terrorist Richard M.
