The Second Victory:

Livy: The Fragments and Periochae Volume II, 2023-09-27 Livy's 142 volume history of Rome is one of the high points of ancient historical writing but three quarters of that history is lost known only from indirect sources such as epitomes and quotations D S Levene's *Livy The Fragments and Periochae* provides a text translation and commentary on all of the surviving *para Livian* material from antiquity This includes the various epitomes and fragments quotations from or references to the lost books but it also covers citations from the surviving books and all testimonia to Livy's life work and readership between his death in A D 17 and the end of classical antiquity approximately A D 650 This collection of material provides the fullest account ever developed of the reputation of Livy in antiquity and the way he was used and read by later writers Through it Levene explores an important but under studied aspect of the intellectual life of the Roman world This second volume contains the first part of the *Periochae* the fullest surviving epitome of Livy's history The text has been newly translated and reedited with a new scholarly apparatus there is also a full literary textual and historical commentary The volume's extensive introduction offers the fullest ever study of the *Periochae* as a literary text with new evidence for the nature of the text and the circumstances of its writing
