The Worker Views His Union:

The Worker Views His Union Joel Isaac Seidman,1966 [The Worker Views His Union](#) Seidman Joel,1958 **The Worker Views His Union** Joel Seidman,Jack London,1993 [The Worker Views His Union](#) ,1966 [The Worker Views His Union \[by\] Joel Seidman \[and Others\].l.](#) Joel Isaac Seidman,1958 **The Worker Views His Union., [By] J. Seidman, J. London, B. Karsh [a.o. Forew. by F.H. Harbison].** J. Seidman,Jack London,B. Karsh,F. H. Harbison,1958 *The Worker Views His Union, by Joel Seidman [and Others]* Joel Isaac Seidman,1968 **Farm and Factory** Daniel Nelson,1995-12-22

Farm and Factory illuminates the importance of the Midwest in U S labor history America s heartland often overlooked in studies focusing on other regions or particular cities or industries has a distinctive labor history characterized by the sustained simultaneous growth of both agriculture and industry Since the transfer of labor from farm to factory did not occur in the Midwest until after World War II industrialists recruited workers elsewhere especially from Europe and the American South The region s relatively underdeveloped service sector shaped by the presumption that goods were more desirable than service ultimately led to agonizing problems of adjustment as agriculture and industry evolved in the late twentieth century

The Sociology of the Blue-collar Worker Norman Francis Dufty,1969 [Young Workers and Trade Unions](#) A. Hodder,L. Kretsos,2015-04-21 This book provides an understanding of the processes in which unions engage with young people and views and opinions young people hold relating to collective representation It features a selection of specific national cases of high relevance to contemporary debates of precariousness trade union revitalization strategies and austerity policies [Monthly Labor Review](#) United States. Bureau of Labor Statistics,1958 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews **The Organization of Interests** Terry M. Moe,1988-09-15 Criticisms of Mancur Olson s theory of group membership and organizational behavior and discussions of the limits of his formulations are not new but Terry Moe has set them forth in thoroughgoing fashion has elaborated and extended them and has made positive new contributions The result is a book that is valuable and constructive one that may well revive interest in the systematic study of political groups David B Truman American Political Science Review The Organization of Interests is a valuable addition to the literature It reminds us that the interior life of groups has political significance and gives us a conceptual framework for exploring that life It balances nicely between the pluralists who tend to interpret interest group behaviour entirely in political terms and Olson who has no satisfactory explanation for behaviour that is not attributable to economic self interest In the concept of the entrepreneur Moe gives us a useful analytical device which deserves operationalization The book is well worth study A Paul Pross Canadian Journal of Political Science [The Car Worker](#) ,1903 **Political Organizations** James Q. Wilson,2021-02-09 A major work by one of America s eminent political scientists Political Organizations has had a profound impact on how we view the influence of interest groups on policymaking James Wilson wrote this book to counter two ideas that popular interests will automatically generate

political organizations and that such organizations will faithfully mirror the opinions and interests of their members. Moreover, he demonstrated that the way in which political organizations, including parties, business groups, labor unions, and civil rights associations, are created and maintained has a profound impact on the opinions they represent and the tactics they use. Now available for the first time in paperback, this book has broadened its scope to include recently developed organizations as it addresses many of today's concerns over the power of such groups as special interest lobbies. In 1973, when this book was first published, the press and public were fascinated by the social movements of the 1960s, thinking that the antiwar and civil rights movements might sweep aside old-fashioned interest group lobbies. Wilson argued, however, that such movements would inevitably be supplanted by new organizations, ones with goals and tactics that might direct the course of action away from some of the movements' founding principles. In light of the current popular distress with special interest groups and their supposed death grip on Congress, Wilson again attempts to modify a widely held view. He shows that, although lobbies have multiplied in number and kind, they remain considerably constrained by the difficulty they have in maintaining themselves.

White on Arrival Thomas A. Guglielmo, 2003-03-27 Taking the mass Italian immigration of the late 19th century as his starting point and drawing on dozens of oral histories and a diverse array of primary sources in English and Italian, Guglielmo focuses on how perceptions of Italians' race and color were shaped in one of America's great centers of immigration and labor, Chicago. His account skillfully weaves together the major events of Chicago immigrant history: the Chicago Color Riot of 1919, the rise of Italian organized crime, and the rise of industrial unionism with national and international events such as the rise of fascism and the Italian Ethiopian War of 1935-36 to present the story of how Italians approached, learned, and lived race. By tracking their evolving position in the city's racial hierarchy, Guglielmo reveals the impact of racial classification, both formal and informal, on immigrants' abilities to acquire homes and jobs, start families, and gain opportunities in America. *White on Arrival* was the winner of the 2004 Frederick Jackson Turner Award of the Organization of American Historians.
