Writing With Power Peter Elbow, 1998-07-09 Elbow provides the writer with valuable advice for getting words down on paper for revising for dealing with an audience for getting feedback on a piece of writing and much more Elbow urges writers to write first and edit later to use free writing and other techniques to generate a lot of material and then edit it down to a finished piece By taking risks and embracing mistakes Elbow hopes the writer may somehow find a hold on the creative process and be able to heighten two different tasks the production of writing and the revision of it
