True Face Of Jack The Ripper:

The True Face of Jack the Ripper Melvin Harris, 2004-09 Melvin Harris is regarded as one of the world's top experts on Jack the Ripper. Now at last he claims his search is complete. Using FBI techniques he offers a case against the man he believes to be the true face of the Ripper.

True Face of Jack The Ripper Melvin Harris, 2016 Melvin Harris, the man chiefly responsible for exposing the Ripper Diary, now reveals the true face of Jack the Ripper. Harris disposes of all previous candidates and by using FBI techniques he tells the story of how he tracked down the real Ripper. He came to the conclusion that Robert D. Onston Stephenson was a likely suspect for the murders.

The Face of Jack the Ripper Peter Thurgood, 2017-08-22 My aim in writing this book is to expose for the very first time a completely new and compelling theory that reveals the true identity of Jack the Ripper. In 1888 a series of murders occurred in London's East End. The first definite victim of the killer who became known as Jack the Ripper was Mary Nichols, who was murdered on 31st August 1888. She is the first of what are often referred to as the five canonical victims, all of whom were murdered between August 31st and November 9th 1888, a period of just 10 weeks. The canonical five victims were Mary Nichols, Annie Chapman, Elizabeth Stride, Catherine Eddowes, and Mary Kelly, all of whom are believed to have been murdered by the man now known throughout the world as Jack the Ripper. It has been 129 years since these murders took place and no one has ever been charged with committing any of them. This was a multiple murder case that gripped the nation, a veritable whodunit which baffled every policeman in the country. With an abundance of suspects from royalty to artists to local tradesmen and countless arrests, no one until now has ever been able to name the person who, without a doubt, was Jack the Ripper. These were no ordinary murders; they were macabre, like the Devil himself had committed them. What kind of man would do such things, cutting a woman open and pulling her intestines out and spreading them over her body in the street in full view of any passerby? People have been asking that question for 129 years. What kind of man was he like the Devil, a monster with an evil face who swept through the streets of Whitechapel in a top hat and flowing cloak, carrying a doctor's bag containing the tools of his trade? If he had been this visible, I can assure you that he would have been captured much earlier in his career and it might have even saved the lives of some of his victims. Jack the Ripper did wear a cloak, but not as we know it; it was like a cloak of invisibility which protected him from the men and women on the streets from fearing him, for who is frightened of the ordinary man, the man next door in his overcoat and bowler hat, the man we all know and trust. In this book, the real murderer is revealed for the first time exclusively in this captivating study of a multiple murder case that took place in the nineteenth century, evidence and facts never revealed before.

Jack the Ripper and Black Magic Spiro Dimollianis, 2011-08-10 Jack the Ripper is a gothic tale of Victorian conspiracies, the supernatural, secret societies, and the police. Scotland Yard hunted a serial killer shrouded in politics as the mutilator of East End prostitutes. This book uses historic sources and rare official reports to reveal dark and supernatural aspects of the Ripper case.

Jack the Ripper - Unmasked: The Real Identity of the World's Most Infamous Killer is Revealed at Last William Beadle,2010-06-07 Had the Jack the Ripper murders taken place in 1988 not 1888 then our response to them would have been markedly different Since those dark days in Victorian London we have learnt much about this type of killer their damaged childhoods misfit adulthoods and psychopathic alienation from the human race But can this new knowledge help to solve a mystery that has been eluding generations of policemen and historians By comparing the crimes of the Ripper with those of other serial killers Ripper expert William Beadle creates a more extensive psychological profile of the man behind Jack the Ripper than ever before One suspect who embodied all the dire characteristics was William Henry Bury Bury moved to the East End of London in 1887 He had a terrible childhood he was a horsemeat butcher and he had a violent relationship with his wife But was Bury the Ripper Beadle uses his Ripper psychological profile in conjunction with newly unearthed evidence Bury was out all night on the dates of the murders and when his wife committed suicide she had been strangled and her body ripped up in the same way as the Ripper s victims When Bury was executed for the murder of his wife the killings in the East End stopped A Scotland Yard detective even conceded to the hangman that he was quite satisfied you have hanged Jack the Ripper
