Clark Clifford John Acacia,2009-10-16 One of the most renowned Washington insiders of the twentieth century Clark Clifford 1906 1998 was a top advisor to four Democratic presidents As a powerful corporate attorney he advised Harry S Truman John F Kennedy Lyndon Johnson and Jimmy Carter As special counsel to Truman Clifford helped to articulate the Truman Doctrine grant recognition to Israel create the Marshall Plan and build the North Atlantic Treaty Organization NATO After winning the 1960 Democratic presidential nomination Kennedy asked Clifford to analyze the problems he would face in taking over the executive branch and later appointed him chairman of the Foreign Intelligence Advisory Board Johnson named Clifford secretary of defense in 1968 but their warm relationship was strained when Clifford concluded that there was no plan for victory in the Vietnam War and that the United States was in a bottomless pit Even Carter who kept his distance from Washington insiders turned to Clifford for help In Clark Clifford The Wise Man of Washington John Acacia chronicles Clifford s rise from midwestern lawyer to Washington power broker and presidential confidant He covers the breadth and span of Clifford s involvement in numerous pivotal moments of American history providing a window to the inner workings of the executive office Drawing from a wealth of sources the author reveals Clifford s role as one of the most trusted advisors in American history and as a primary architect of cold war foreign policy

National Party Organizations and Party Brands in American Politics Boris Heersink,2023 A new assessment on the role influence and limitations of the Democratic and Republican National Committees in American political development Scholars have long debated the role and importance of the Democratic and Republican National Committees in American politics In *National Party Organizations and Party Brands in American Politics* Boris Heersink identifies a core DNC and RNC role that has thus far been missed creating national party brands Drawing on extensive historical case studies and quantitative analysis Heersink argues that the DNC and RNC have consistently prioritized their role of using publicity to inform voters about their parties policies and priorities from the beginning of the twentieth century onwards Both committees invested heavily in political communication tools with the goal of shaping voters perceptions of their parties As Heersink shows the DNC and RNC often have considerable freedom in determining what type of brands to promote placing them in the center of major intra party debates in the twentieth century including Prohibition civil rights foreign affairs and economic policy Analytically rigorous and marshaling a vast body of research on US elections between 1912 and 2016 this book highlights how important national party organizations are in setting the agenda in American politics

[Truman's Court](#) Frances Rudko,1988-09-28 A concise well written examination by a lawyer historian of the judicial restraint philosophies of President Truman s four appointees to the Supreme Court Harold Burton Fred Vinson Tom Clark and Sherman Minton Rudko s analysis of the four men s opinions in criminal procedure loyalty security racial discrimination and alien rights cases show that Truman was far more successful than most presidents in choosing justices whose view of the judicial role matched his own Choice Much of the debate surrounding the Supreme Court can be traced to the notion that the Court is primarily a political rather than a judicial institution When the Court is viewed from an ideological standpoint it becomes tempting for example to equate judicial restraint with conservatism and activism with a liberal political perspective In her study of the Truman Court Rudko demonstrates the fallacy of the political approach Focusing of the record of President Truman s four liberal appointees she looks at the judicial philosophy underlying important decisions involving the rights of individuals and shows how judicial issues especially the balance between restraint and activism have determined the decision making process
