Tudor Historical Thought

Charles Oman

Tudor Historical Thought:

Tudor Historical Thought F. J. Levy, Fred Jacob Levy, 2004-01-01 Tudor Historical Thought is a revealing account of vital changes in intellectual orientation Originally published in 1967 F J Levy s seminal work explores the factors humanism theology antiquarianism Machiavellianism that brought about the changes in historical thinking from the time of Caxton to that of Bacon Raleigh and Camden Earlier the study of the past was justified on utilitarian grounds and the purpose of history writing was didactic At the beginning of the sixteenth century chroniclers exemplified the workings of Providence and taught personal morality a hundred years later however the idea of teaching practical statecraft had been introduced The Italian humanists emphasized the political aspects of man and made the active citizen rather than the cloistered monk their ideal That citizen needed guidance and it was the duty of the historian to supply it Questions of politics which had been important for nearly half a century suddenly were placed at the centre and with that a new kind of history writing appeared in England An essential text in Renaissance historiography Tudor Historical Thought will now be available to a new generation of scholars Tudor Historical Thought Fred Jacob Levy, 1967 Tudor Historical Thought Fred Jacob Levy, 1991

Hermeneutics and Medieval Culture Patrick J. Gallacher, Helen Damico, 1989-06-26 This study explores the art of interpretation in works of history art music and literature from the medieval period The authors demonstrate that the search for meaning was a primary concern of medieval authors and that the history of medieval thought from Augustine to Aquinas and Ockham illustrates the dialectic of question and answer that is the foundation of hermeneutics This study is the first to offer a diversity of hermeneutic approaches and themes in the context of medieval works The study s interdisciplinary approach to the medieval works considered invites analysis from scholars and critics in all areas of medieval studies The breadth of scope in addressing the art of interpretation in the various disciplines also provides a valuable general introduction to medieval culture

Race and U.S. Foreign Policy from Colonial Times Through the Age of Jackson E. Nathaniel Gates, 2021-12-24 First published in 1998 Explores the concept of race The term race which originally denoted genealogical or class identity has in the comparatively brief span of 300 years taken on an entirely new meaning In the wake of the Enlightenment it came to be applied to social groups This ideological transformation coupled with a dogmatic insistence that the groups so designated were natural and not socially created gave birth to the modern notion of races as genetically distinct entities The results of this view were the encoding of race and racial hierarchies in law literature and culture How racial categories facilitate social control The articles in the series demonstrate that the classification of humans according to selected physical characteristics was an arbitrary decision that was not based on valid scientific method They also examine the impact of colonialism on the propagation of the concept and note that racial categorization is a powerful social force that is often used to promote the interests of dominant social groups Finally the collection surveys how laws based on race have been enacted around the world to deny power to minority groups A multidisciplinary resource This

collection of outstanding articles brings multiple perspectives to bear on race theory and draws on a wider range of periodicals than even the largest library usually holds. Even if all the articles were available on campus, chances are that a student would have to track them down in several libraries and microfilm collections. Providing, of course, that no journals were reserved for graduate students or out for binding or simply missing. This convenient set saves students substantial time and effort by making available all the key articles in one reliable source.

The Uses of History in Early Modern England Paulina Kewes, 2006-11-15 Publisher Description

Women Writing History in Early Modern England Megan Matchinske, 2009-05-14 This title investigates and documents fascinating accounts written by 17th century Englishwomen which explore the shifting relationships between past and future

Tudor History & Historians F. Smith Fussner, 1970

The Impact of Race on U.S. Foreign Policy Michael L. Krenn, 1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company

Race and Manifest Destiny Reginald HORSMAN, Reginald Horsman, 2009-06-30 American myths about national character tend to overshadow the historical realities. Reginald Horsman's book is the first study to examine the origins of racialism in America and to show that the belief in white American superiority was firmly ensconced in the nation's ideology by 1850

A History of England: England under the Tudors, by A. D. Innes Charles Oman, 1974

Thoughts on education, speeches and sermons, ed. by L. Creighton Mandell Creighton (bp. of London.), 1902

The Journal of Ecclesiastical History Clifford William Dugmore, 2001

History, 1926 Chronological coverage with articles on social, political, cultural, economic and ecclesiastical history. Book Review Section provides up to date critical analyses of up to 600 titles in each volume

Annual Bulletin of Historical Literature, 1927

Shakespeare's English History Plays and Renaissance Historical Consciousness Caesar Blair Adams, 1974

Henry VIII in History, Historiography, and Literature Uwe Baumann, 1992 If this anthology on the literary appreciation of the life and times of Henry VIII can show how history, historiography and the history of literature are woven together as threads in a tapestry, if this book can show how varied the sources are from which historical images are fed, especially those of significant historical figures, then it will have surely fulfilled its purpose

The First of the Tudors Michael Van Cleave Alexander, 1980

Tudor Histories of the English Reformations, 1530-83 Thomas Betteridge, 1999 All the reforming mid Tudor regimes used historical discourses to support the religious changes which they introduced and the Reformation as a historical event was written and rewritten by various historians to offer legitimation for policies

Thoughts on Christian History Albert Stratford George Canning, 1914
